VOL. 93, NO. 70 BAY ST. LOUIS, MISSISSIPPI THURSDAY, AUGUST 30, 1984 SINGLE COPY, 25 CENTS NINE SECTIONS, 72 PAGES

**DISCUSSING PLANS FOR A CONDOMINIUM COMPLEX**  
between Coleman Avenue and St. Joseph Street in Waveland are, from left, Planning and Zoning Commissioner Harold Zimmerman, Attorney Aaron Adams, City Secretary Arcelyn Dastugue, Commissioner Earl J. Breaux, Commission Chairman Charles C. Dickson and Commissioner Linda Penrose. Adams represents Panorama Inc., which is developing the 38 apartments ranging in price from \$75,000 to \$100,000. Plans for the complex include a covered swimming pool, tennis and shuffleboard courts, a hobby shop, a Japanese garden and off-street parking. (Staff photo by Nan Patton Ehrbriht)

## Panorama Inc. reports Waveland condo complex

**By NAN PATTON EHRBRIGHT**  
Preliminary plans for a 38-unit condominium complex were presented Wednesday to Waveland's Planning and Zoning Commission along with a request for a variance in the set-back requirements for the front yard.

Waveland Attorney Aaron Adams, representing Panorama Inc., said the development will be located between Coleman Avenue and St. Joseph's Street on property adjoining the Peppermill Restaurant.

The site, Adams said, is more than 150 feet from the beach and is presently zoned R-3 for multi-family residential development.

Developers of the complex, to be called Friendship Oaks Condominiums, are T. D. "Dix" Ashman and Milford C. Lady, both of Waveland.

Ashman said the complex will include four townhouse units and 30 three-story flats.

Floor space ranges from 1,100 to 1,440 square feet and plans call for two-bedroom units but owners may opt for three bedrooms.

Ashman said 20 units have already been sold.

The complex will also include a covered swimming pool and hot tub, shuffleboard and tennis courts, a gazebo, a hobby shop, a Japanese garden and pond and offstreet parking with nearly three parking spots for every unit, Ashman said.

Purchase price ranges from \$75,000 to \$100,000.

"This is what people want. This is what they can afford," Ashman said, noting that Diamondhead now has some 450 condominiums.

Adams explained that a variance is being requested to allow a portion of the structure to be 10 feet from Coleman Avenue instead of the 25 feet required by ordinance.

Plans provide for the complex to be

set at an angle to the street lines in order to preserve a number of oak trees on the property, he said.

Adams said he believes development of the complex will be in the best interests of the city, not only for an increase in the tax base but also to help revitalize the downtown area.

The commissioners agreed to conduct a public hearing Sept. 17 in connection with the request for the variance.

In another matter the commissioners took under advisement a request by Michael Ellis of 1121 Amar St. for a variance in connection with a carport

recently constructed on his property.

Ellis said his immediate neighbors had voiced no objection, but John Fayard, who owns but does not reside on the adjoining property, protested the variance, claiming the carport was constructed on the property line—two inches over if anything.

The commissioners also took under advisement a request from Luke J. Caruso of 2001 Arnold St. to reconsider its action in zoning property at the corner of Faith and Ladner Streets as commercial.

## Local group supports Labor Day MD telethon

For the ninth year, the Waveland Civic Association will serve as local sponsor of the Jerry Lewis Labor Day telethon for the Muscular Dystrophy Association.

The 1984 telethon is scheduled to be aired on WGNO-TV, Channel 26 in New Orleans and Channel 9 on Hancock Community Cable, beginning at 8 p.m. Sunday, Sept. 2 and ending at 6 p.m. Sept. 3.

Local programming will be seen for 15 minutes each hour.

J. A. Lagasse Jr. of Waveland, general chairman of the project, said calls will be accepted at the local pledge center at Waveland City Hall from 5 p.m. Sunday through 6 p.m. Monday.

Pledges may be made by calling

TELETHON—Page 8A

## Chamber to appoint task force to publicize new county jail need

**By DENA BISNETTE**  
The Hancock County Chamber of Commerce Board of Directors decided Tuesday that a jail task force comprised of Chamber members will be selected and meet with the Hancock County Jail Committee.

The Hancock County board of supervisors accepted a recommendation by the jail committee for a jail only to be placed on the ballot in the November election.

The task force is to try and help the Jail Committee in anyway they can in informing the public about the need for a new jail.

The decision was made after Hancock County Sheriff Ronald Peterson and architect Fred Wagner addressed the board on the jail issue.

According to Peterson, the jail bond issue involves the construction of a new jail and sheriff's office but does not specify where the facility should be located.

Location has become controversial, Peterson explained.

"Everywhere I've gone, people have acknowledged the need for a new jail. I really haven't heard anybody say, 'Hey, we don't really need a new jail.' I have heard a lot of people disagree about location," he said.

He stressed the importance of keeping the location controversy from defeating the issue at election time.

However, Wagner said the two places most likely to be selected for the jail site are the county property behind the courthouse and the county property behind the Sea Coast Echo's office.

A local and private bill would have to be obtained from the Mississippi Legislature in order to move the jail

more than a quarter-mile from the courthouse.

Peterson said he believes obtaining such a bill would not be difficult but said getting the bond issue passed is a more immediate problem.

The jail bond issue narrowly missed being passed during the last election when it got 59.8 percent of the 60 percent voted required.

Peterson said he felt passage may have been hindered by the number of local elections that accompanied it on the ballot and a lack of support in some of the county's rural areas.

"I think the supervisors are a little more enthused about it this time, without their own elections going on, and we hope to get the support of the rural people with their help," he said.

"It will be up to the supervisors if the people want to argue about the location after the bond issue passes," the sheriff said.

According to Wagner, the new jail would be constructed to hold about 50 prisoners but could be used to hold up to 100 under better conditions than those in the present jail.

"We want to be able to meet federal requirements," Peterson explained. The present jail does not meet requirements and leaves the county open to lawsuits from prisoners complaining of improper conditions.

Peterson added that he can not remember the jail ever being as crowded as it is now with over 30 prisoners,

five of whom are charged with murder, and asked for the chamber's support in alleviating the problem.

"As much as I hate to say so, I spend more of my time these days trying to get people out of jail than I do trying to put them in," he said.

## Attorney General expected to revise opinion on sick pay for school staff

**By NAN PATTON EHRBRIGHT**  
Mississippi Attorney General Edwin L. Pittman has given verbal assurances that school districts can continue to provide sick pay for non-certified personnel, Hancock County School District Superintendent Terrell Randolph told his trustees Monday.

Randolph said he and other superintendents met last Thursday with Pittman and a representative from State Auditor Ray Mabus' office.

In January and again in April Pittman's office issued an opinion that Mississippi statutes provide for sick and emergency leave with pay only for certified personnel.

Traditionally, Mississippi school districts have also provided sick pay for non-certified employees—clerical personnel, bus drivers, custodians and cafeteria workers.

Randolph said Pittman asked the superintendents to submit a request for another opinion, this time using different wording.

The new request reads: "Sections 37-9-3 and 37-9-4 authorize school boards to employ and fix compensation for non-certified personnel. Would this permit school districts to provide sick leave and other benefits to non-instructional personnel?"

Randolph said Pittman assured the superintendents he could issue an opinion that would grant the leave under the authority cited in the request.

The auditor, Randolph said, assured the group the State Auditor's office would go along with the Attorney General's opinion.

Randolph said he expected the official opinion to be issued within the next few days.

In another matter the trustees approved a schedule for staff development.

Day	High	Low
WEEK OF 8-30-84		
Thurs.	3:17 a.m.	12:44 p.m.
Fri.	3:48 a.m.	2:08 p.m.
Sat.	4:34 a.m.	4:39 p.m.
Sun.	5:30 a.m.	5:45 p.m.
Mon.	6:31 a.m.	6:45 p.m.
Tues.	7:34 a.m.	7:43 p.m.
Wed.	8:38 a.m.	8:37 p.m.
Thurs.	9:43 a.m.	9:33 p.m.

ional Finance Commission, will begin at 7 p.m. in the Gulfport High School auditorium.

The Education Reform Act of 1982 requires the Commission to develop a plan of school district reorganization and school consolidation.

The plan must be completed by July 1, 1985.

Commission officials have appointed a 30-member committee of educators to develop criteria upon which the consolidation plan will be based.

The Gulfport hearing is one of seven being held throughout the state to give citizens an opportunity to express their views and make recommendations.

Commission Director Frank Lovell said key considerations in the study being conducted by the Commission include student test results at each school and efficient use of school funds.

The study will determine what enrollment is needed for a school to operate efficiently, he said.

According to Lovell, the plan could also include changes in current provisions for electing or appointing superintendents and board members.

The system that has demonstrated the best record may be required for everyone, he said.

The reform act provides that the State Board of Education must require school districts to comply with the plan.

## Bay PD now taking applications

**By ELLIS CUEVAS**  
The Bay St. Louis Police Department is accepting applications to fill several vacancies in the department, according to Chief Douglas Williams.

"The department now has six patrolmen, one captain, two investigators and one patrolman in a police academy," Williams said Wednesday.

"We are several regular officers short and are currently using auxiliary officers to provide 24-hour-a-day regular police protection," Williams added.

Citizens interested in becoming police officers can apply at the Bay Police Department, Valena C. Jones Complex, Old Spanish Trail.

**CONGRESSIONAL VISIT—U.S. Congressman Trent Lott met** informally with Hancock's elected officials and Chamber of Commerce members after a speech to Bay Rotary members Wednesday. Among those chatting with Lott, third from right, were, from right, Hancock County Circuit Clerk John Rutherford, Chamber Director Mary Perkins, Chamber Vice-President John Mason, District 5 Supervisor James Traviera, District 4 Supervisor Sam Pernicelli and District 3 Supervisor Roger Dale Ladner. Standing behind the group are, from left, Waveland Alderman Dick Thomas and Chamber Director and Waveland Alderman Bob Hubbard. (Staff photo by Ellis Cuevas).

## Lott to seek help for local officials on beach problem

**By ELLIS CUEVAS**  
U.S. Congressman Trent Lott addressed the Bay St. Louis Rotary Club and also met informally with county and city elected officials at the Hancock County Chamber of Commerce office on Wednesday.

Lott said he will talk to Mississippi Highway Commissioner Bob Joiner to see if something can be done to help the county with sand beach restoration when requested by the county supervisors.

District 1 Supervisor Bert Courge said the Hancock County Board of Supervisors has agreed to set up a maintenance fund to maintain a sand beach after it is restored.

Discussion was held as to who is responsible for the beach road since it is no longer designated as a state highway.

"No one wants to claim it now," Mayor John Longo commented.

The congressman said, "A few years ago my office received very few calls from Hancock County."

"That has now changed and we have been receiving calls on all types of subjects, which means things are really happening in your county," he reported to both the Rotarians and the elected officials.

"You may not recognize it, but just look at the shopping centers and new business places on Hwy. 90 that have been established in the past few years," Lott added.

Lott commented that recent meetings the chamber had with officials from the Mississippi Army Ammunition Plant has resulted in employment of more Hancock residents.

"You need to court the officials at NSTL more than you have in the past," he said.

"Picayune has done a good job," he said.

LOTT—Page 8A

# Obituaries

## BRYANT BENTON

Bryant Wright Benton, 73, died Sunday, Aug. 26, 1984 in Pass Christian. Arrangements are incomplete at Riemann Funeral Home in Long Beach.

## HELEN CORMIER BLANCHARD

Funeral services for Helen Cormier Blanchard of New Orleans, La. were at 1 p.m. Monday at House of Bultman Funeral Home there.

Burial was in Cypress Grove Cemetery.

Mrs. Blanchard died at 8:20 p.m. Thursday, Aug. 23, 1984 in New Orleans. She was the sister of Milton B. Cormier of Waveland.

Other survivors include two brothers, Charles G. Cormier and Sidney R. Cormier; one niece; two nephews, and one grandniece.

She was the widow of Edward Paul Blanchard and daughter of the late Fanny Alice Slawson and Louis Emile Cormier.

She was preceded in death by brothers Louis Y. Cormier, Lamar S. Cormier and Carroll W. Cormier.

## MRS. SARAH FAVA

Mrs. Sarah French Fava, 85, 136 Davis Ave., Pass Christian, died Saturday, Aug. 25, in Gulfport.

Mrs. Fava was a native of Pass Christian and a member of St. Paul's Catholic Church in Pass Christian.

Survivors include her husband, George T. Fava of Pass Christian; two daughters, Mrs. Julius (Frances) McCants of Slidell, La., and Mrs. R.A. (Lena) Fredrickson of Anchorage, Alaska; and four grandchildren.

Visitation was Monday evening at Edmond Fahey Funeral Home in Bay St. Louis.

Services were conducted Tuesday, with a Mass at 11 a.m. at St. Paul's Catholic Church.

Burial followed in Southern Memorial Park in Biloxi.

## ISABELLA JOHNSON

A wake and funeral for Isabella Johnson, 77, of Pearlinton will be at 8 p.m. Friday at the Greater Mt. Zion AME Church in Pearlinton. The Rev. R.N. Sams will officiate.

Dismissal will be at 10 a.m. Saturday

with burial in New Hope Cemetery.

Mrs. Johnson died Tuesday, Aug. 28, 1984, in Memorial Hospital in Slidell, La.

She is survived by one daughter, Corinne Acker of Pearlinton; nine grandchildren; 21 great-grandchildren; and several nieces and nephews including James Marshall and Grace Marshall of Slidell.

Baylous Funeral Home is in charge of arrangements.

## MRS. ZADA LUMPKIN

Services for Mrs. Zada Lumpkin were conducted Monday at 2 p.m. at Sones Chapel Baptist Church, with burial in the church cemetery.

Mrs. Lumpkin, 87, of Route 1, Carriere, died Sunday, Aug. 26, 1984 in Picayune.

She is survived by a host of nieces and nephews.

McDonald Funeral Home in Picayune was in charge of arrangements.

## MRS. CARRIE GATEWOOD

Mrs. Carrie Necaise Gatewood, 81, Miss. Highway 603, Kiln, died Sunday, Aug. 26, 1984 in Metairie, La.

An 11 a.m. Mass was celebrated Tuesday at Annunciation Catholic in Kiln.

Burial followed in Bayou Coco Cemetery.

Mrs. Gatewood, a lifelong resident of Hancock County, was born in Kiln and was a member of Annunciation Catholic Church.

She was preceded in death by her husband, Kenneth William Gatewood.

Survivors include two sons, Kenneth W. Gatewood of Sherman, Tex., and Garland Baynes of Chalmette, La.; four daughters, Mrs. Joe V. (Jeanie) Haas of Kiln, Mrs. Shirley McCollister, Mrs. Genevieve Ridall and Mrs. Marguerite Boesch, all of Jefferson, La.; a brother, Lester Necaise of Woodland, Calif.; 16 grandchildren; and 18 great-grandchildren.

Riemann Funeral Home in Bay St. Louis was in charge of arrangements.

## Teacher selected for space shuttle trip

According to James McMurtry, education officer for NASA's National Space Technology Laboratories in Hancock County, the first private citizen to participate in a space shuttle mission as an observer will be a teacher.

The shuttle mission including the teacher could be scheduled as early as late 1985 or early 1986.

McMurtry said NSTL has received several calls inquiring about participation in a shuttle flight since President Reagan announced the decision by NASA's Space Flight Participation Program Monday in Washington, D.C.

The president made the announcement at a Department of Education-sponsored awards banquet honoring outstanding public and private secondary schools.

He said sending a teacher on a shuttle mission would remind Americans of the crucial role teachers and education play in this nation.

The selection process will probably involve preliminary selection of two teachers from each state, with 10

finalists to be selected from that group.

The teacher who participates in the shuttle mission and a back-up participant will be selected from the top five, McMurtry said.

He added that the program will be limited to elementary and secondary teachers in public, parochial and private schools.

Details on applying for the position will not be released until a formal "Announcement of Opportunity" is issued in early October, he said.

Until that time, a recorded status report on the program can be obtained by calling (202) 453-8644.

After the teacher who is selected participates in a shuttle mission, he or she will spend about a year meeting with other teachers and lecturing about the mission.

Because of the type of follow-up tour involved with the mission, McMurtry said the teacher's role as a "trained communicator" was probably considered by the Space Flight Participation Program during the decision-making process.

## Back-to-school festival scheduled for Saturday

By NAN PATTON EHRBRIGHT

A back-to-school summerfest for the children of Waveland organized by Clarence Harris will begin at 9:30 a.m. Saturday at Herlihy Street Park in Waveland.

The summerfest will begin with a three-mile fun run for adults and children aged nine and older.

Mrs. Harris said Waveland city officials will be on hand for the beginning of the race, and winners will receive "Back-to-School Summerfest, 1984,

Waveland" T-shirts.

Other planned activities include such events as Double Dutch jump-roping, high jump and a soccer game, she said. Free hot dogs, soft drinks and popcorn will be served at noon.

A breakdancing contest from 3 to 6 p.m. will complete the day's activities.

Persons interested in running the three-mile race should call Harris at 467-7043 by Friday, but late entries will be accepted before the race Saturday.

## Dedeaux resident reports meteor

By DENA BISNETTE

A Dedeaux Community resident got a brief, unexpected light show from Mother Nature early Monday morning when he sighted a meteor.

Tony Guidry reported that he and a friend were driving home on Interstate-10 at about 1:30 a.m. and were near the Diamondhead exit when they saw the meteor fall.

"It was really something else," Guidry said. "It had a real bright center with a light, light blue all around it."

"It just lit everything up, the ground and all, and everything was light blue," he added.

Guidry said the bright light lasted "about 15 seconds."

"We knew it couldn't be lightning," he added. "We decided it had to be a

meteor to look like that."

James McMurtry, education officer at NASA's National Space Technology Laboratories in Hancock County, said Monday he had received no other reports confirming Guidry's sighting but believes from the description that it was "a pretty good-sized meteor."

He said what Guidry saw was probably a stray meteor from an annual shower known as the Perseides, which peaked on Aug. 11. "It's not considered uncommon for someone to sight a fairly large one, but that's what it sounds like he saw."

The Perseides is one of several annual meteor showers commonly visible in the southern U.S., McMurtry explained. The next annual shower visible in this area is expected in October.

## Military Mention

### SPEC. PHYLLIS GILLUM

Army Spec. 4 Phyllis I. Gillum, daughter of Novella Gillum and Albert James of 508 Morris St., Waveland, has arrived for duty in Heilbronn, West Germany.

Gillum, an equipment records and parts specialist with the 2nd Support Command, was previously assigned at Fort Sill, Okla.

She is a 1978 graduate of Bay Senior High School in Bay St. Louis.

### PVT. BENJAMIN PURDY

Army National Guard Pvt. Benjamin S. Purdy, son of Richard and Marilyn Purdy of 8722 Malino Place, Bay St. Louis, has completed basic training at Fort McClellan, Ala.

During the training, students received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid and Army history and traditions.

## News Brief

### NOT SEEKING CONTRIBUTIONS

The Theodore S. Price Veterans of Foreign Wars Post No. 3253 is not seeking contributions, according to Commander Charlie Black. Black said he had received eight telephone calls saying someone was soliciting for the VFW. "Our bylaws forbid us to solicit donations," Black said. "We do hold poppy sales every year." Bay Police Chief Douglas Williams reports all solicitors must have a permit from the city.

# Alcoholics Anonymous schedules eighth world service meeting

Thirty-eight delegates representing Alcoholics Anonymous in 25 countries will gather at The Hotel Roosevelt, New York City, Oct. 21-25.

The five-day meeting is the eighth held since 1969 when they began at the initiative of Bill Wilson, the late co-founder of Alcoholics Anonymous.

Four of the meetings have been held in New York, one in London, England (1974), one in Helsinki, Finland (1978), and one in San Juan del Rio, Mexico (1982).

Although AA exists in 114 countries around the world, the delegates coming to New York represent only those where AA has a service structure, a national office and, in many cases, a literature publishing operation.

The countries represented at the October meeting will be Argentina, Australia, Belgium, Brazil, Canada, Colombia, El Salvador, England, Finland, France, Germany, Guatemala, Iceland, Ireland, Italy, Mexico, New Zealand, Norway, Scotland, South Africa, Sweden, Trinidad/Tobago, the United States and Uruguay.

The chairperson will be Gordon Patrick, a nonalcoholic who is also chairperson of the Board of Trustees of Alcoholics Anonymous in U.S./Canada.

The primary purpose of the World Service Meeting is to carry the AA message of recovery to alcoholics who still suffer, wherever in the world they may be, whatever the language they speak. It seeks ways and means of accomplishing this goal by serving as a forum for sharing the experience, strength and hope of the delegates who come together every two years.

Attendance at the meeting is limited to elected delegates and staff. It is not open to other AA members.

During the five days, committees and workshops will cover internal matters such as communications, service structure and literature distribution; and also AA services to reach the alcoholic through public information, cooperation with the professional community and institutions work. The general sessions of the conference will be translated simultaneously into English and Spanish.

Alcoholics Anonymous began in 1935, in Akron, Ohio, USA, when a New York stockbroker on business there, and successfully sober for the first time in years, sought out and helped another alcoholic, a local doctor.

## Weight program volunteers needed

Volunteers are being sought to participate in a weight loss program to be conducted at the University of New Orleans September through February.

The program, which is free, is designed to compare various behavioral approaches to weight loss; according to Dr. Jeffrey Brandon, the program's coordinator and UNO assistant professor of health and physical education.

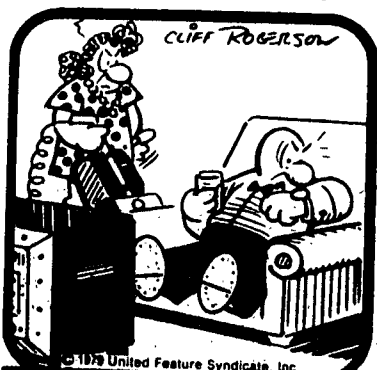

Selected volunteers, who should be between the ages of 17 and 30 years old and at least 15 pounds overweight, will be carefully evaluated and given some form of weight loss treatment, says Dr. Brandon, who specializes in applying behavioral methods to health problems.

All treatment plans will involve changes in eating habits and increased physical activity with weight loss goals of one to two pounds a week, he says.

The program, sponsored by UNO's Mental Health Service and department of health and physical education, is funded by the UNO Graduate Research Committee.

To volunteer, call 504-286-6683 or 504-286-6361 by Sept. 3.

From this small and modest beginning, the movement grew and spread, very slowly at first.

Then, after the publication in 1939 of the book "Alcoholics Anonymous" followed by favorable stories in the press, the Fellowship expanded at an every-increasing rate.

Today, there are 58,000 AA groups worldwide with an estimated membership of well over a million, including six groups in Hancock County and Pass

Christian with an estimated total membership of some 100 people.

An unusual feature of AA is that it is entirely self-supporting through its own contributions, declining all outside donations. Yet there are no dues or fees for AA membership. It is also completely nonpolitical, shunning any affiliation with other organizations or causes. "Our primary purpose," the members declare, "is to stay sober and help other alcoholics to achieve sobriety."

## Military Mention

AIRMAN MORGAN

Airman William G. Morgan, son of Glenda L. Kozak of 101 Johnston St., Waveland, and William T. Morgan of 2361 Milam, Pearl City, has been assigned to Keesler Air Force Base after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Tex., the airman studied the Air Force mission, organization and customs, and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the Community College of the Air Force.

The airman will now receive specialized instruction in the air operations field.

Morgan is a 1983 graduate of Bay Senior High School in Bay St. Louis.

## ETV Briefs

BOSTON POPS

"Evening at Pops" presents Bernadette Peters in a popular rebroadcast from last season at 8 p.m. Monday, Sept. 3, on Mississippi ETV.

She delivers a medley of songs from the movie "Pennies from Heaven," in which she co-starred, and adds her sultry touch to "If You Were the Only Boy in the World," "Broadway Baby" and a medley of Harold Arlen songs.

Under the direction of John Williams the Boston Pops Orchestra performs the "flying" theme from "E.T., the Extra-Terrestrial" and the theme from "Raiders of the Lost Ark," both composed by Williams.

JAZZ VIOLIN

Jazz violinist Stephane Grappelli performs before a cabaret audience in a special hour-long program at 9 p.m. Monday, Sept. 3, on Mississippi ETV.

Grappelli and his accompanists perform Irving Berlin's "Cheek to Cheek," Cole Porter's "Love for Sale" and "I Get a Kick Out of You," Hammerstein's "Old Man River" and a George Gershwin medley.

Born in Paris in 1908, Grappelli got his first violin at age 12. With no money for lessons, he taught himself to play.

In the last 15 years, Grappelli has performed widely, including appearances on television. He has recorded a number of albums with musicians such as Jean-Luc Ponty, Gary Burton, Paul Simon, Duke Ellington and others.

"Stephane Grappelli in New Orleans" will be simulcast on ETV and on seven of ETV's Public Radio in Mississippi (PRM) FM stations around the state: Biloxi, 90.3; Booneville, 89.5; Bude, 88.9; Greenwood, 90.9; Meridian, 88.1; Mississippi State, 89.9; and Oxford-University, 90.3. Even though the program can be seen statewide on ETV, the radio portion will not be carried in the Jackson area, as the Jackson radio transmitter tower has not been completed. Construction of the Jackson tower is expected later this year.

## Quotables by CUEVAS

This weekend we celebrate Labor Day throughout the United States.

This will mean many outdoor activities which include visiting, picnicking, fishing, and swimming and much more.

Traffic on our roadways and waterways will be doubled in many instances and this causes many more accidents than a normal weekend.

We urge all citizens to please be extremely careful, so they will be here the day after Labor Day.

We wish a happy Labor Day weekend to everyone.

Labor Day weekend also means the Jerry Lewis Muscular Dystrophy Telethon will again be conducted.

The Waveland Civic Association will again be conducting a telethon from the Waveland City Hall, according to Jimmy Lagasse Jr. who will chair the event for the ninth year in a row.

As many of you know, needed funds are collected each year for the fight against muscular dystrophy by Jerry Lewis and his thousands of volunteers.

The local group will be in operation from 5 p.m. Sunday through 6 p.m. on Monday. Volunteers will be on duty during those hours and can be reached at 467-4134 or 467-9248 to make a pledge.

Another event sponsored by the Waveland Civic Association in cooperation with the cities of Bay St. Louis and Waveland will be the Fireworks Spectacular at the Garfield Ladner Memorial Pier in Waveland.

The fireworks display is scheduled to start Sunday night at 8:30 p.m. and admission is free.

We hope to see you at the fireworks and hope you will join us in making a pledge to the Muscular Dystrophy Telethon.

There has been a lot of talk and a lot published and court battles about the 'Agent Orange Product' used during the Vietnam Conflict.

Mike Ladner, Hancock County veterans service officer reports his office now has the claim forms for veterans who may be potential claimants in the Agent Orange product liability litigation now underway in the United States District Court.

If you feel you may have been exposed to Agent Orange while in the military and have not filled a claim, a deadline of Oct. 26, 1984 for a claim to be received by the Federal Court has been set.

For further information, we suggest you contact Ladner at 467-2100.

### Focus on Small Business

U.S. Small Business Administration

By Dorothy A. Overall  
Public Information  
Biloxi Branch

**Q:** I want to add new products in my small business. Any ideas on how best to do this?

**A:** First, learn all about the market your new product would serve. What's the potential demand? How many competitors are already in the field? Does your plant have the capacity to expand and produce the new item?

Of course, your new product must earn a profit. Therefore, you should gather data on potential sales and costs, doing this yourself or through outside experts.

Remember, if your new product will complement present ones (as tapes to tape recorders or sugar to coffee), sales of the new product may influence sales of present products.

Also investigate whether other persons hold patents or rights to the new product in which you're interested.

The U.S. Small Business Administration has a free publication on "New Product Development" which can help. For a copy, write to me at GNL Building, 2nd Floor, Biloxi, MS 39530, or call (601) 435-4566.

**Q:** Any tips on the best ways to staff my small retail store? I want the best employees I can find.

**A:** You have the right idea on hiring workers, because a business is only as good as the people in it. Remember, too, that for a small business it takes time to look for and hire workers and it often is costly to fire an employee.

First, figure out—by looking at your balance and sales sheets and at your future prospects—how many employees you need.

Think about setting down employment and training procedures and consider writing down your thoughts on items like hours to be worked, rate of pay, fringe benefits, vacations and training.

Also consider the best way to interview job applicants.

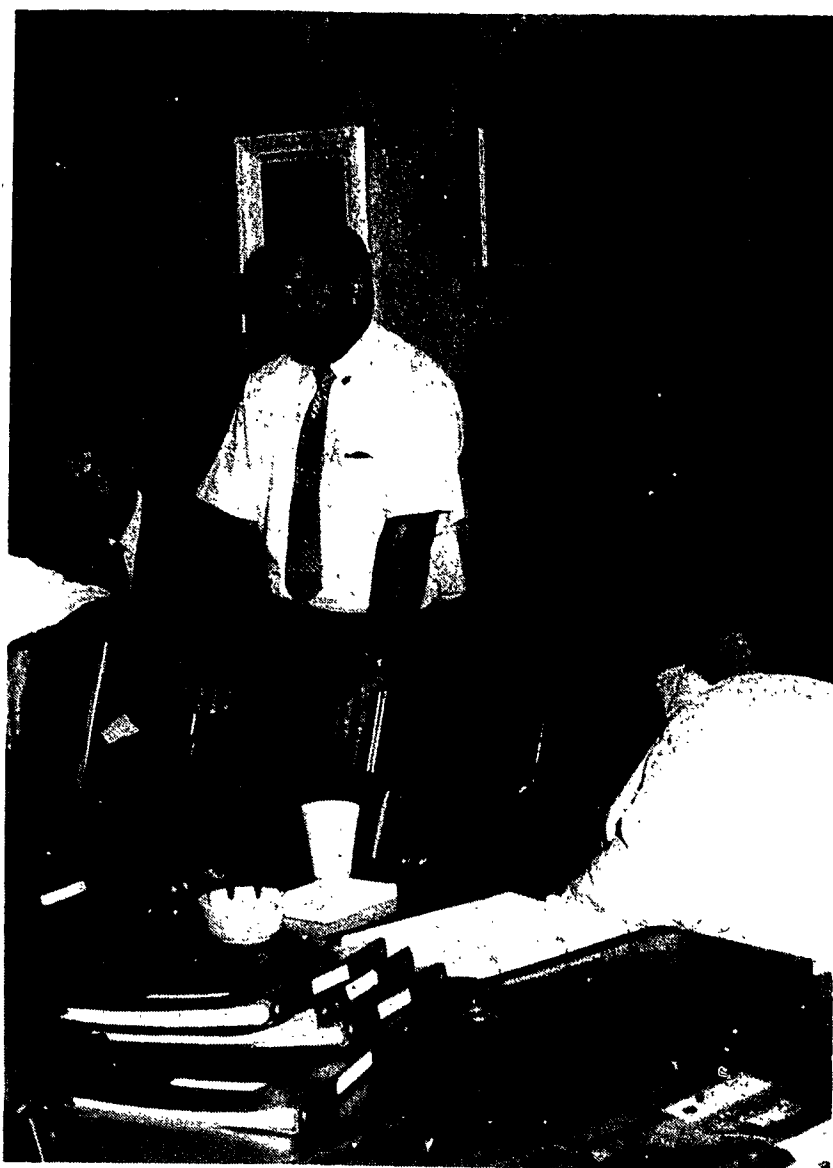

There are a number of ways to find applicants—from among your friends, newspaper want ads, high school or college counseling centers and state employment services offices.

You can even put a "Help Wanted" sign in your window.

The U.S. Small Business Administration has an excellent free publication to help you. The publication is called "Staffing Your Store" (Small Marketers Aid No. 162). It is available by writing SBA, GNL Building, 2nd Floor, Biloxi, MS 39530.

**SPECIAL VISITOR—** U.S. Congressman Trent Lott was guest speaker at the Bay Rotary Club's Wednesday luncheon. Lott answered many questions about national issues facing America's leaders in Washington. The congressman commented he was glad to be back on the Coast and was happy with Hancock County's continued growth. (Staff photo by Ellis Cuevas).

**NEW JAIL—** Architect Fred Wagner (seated, right) and Sheriff Ronald Peterson listen to a question about the county's need for a new jail from Chamber of Commerce Board of Directors member Mary Perkins. Wagner and Peterson met with the board Tuesday to discuss the need for support for a jail bond issue that will appear on the November ballot. (Staff photo by Dena Bisnette)

## Six high-risk factors in glaucoma reported

A major eye awareness campaign to reach people who may be especially high-risk candidates for glaucoma, a formidable enemy of sight, is being kicked off this September by the National Society to Prevent Blindness (NSPB) and its Affiliates as National Sight-Saving Month gets under way.

One out of every eight Americans who is blind has lost his or her vision to this eye disease that rarely sends out warning signals. It can be controlled if detected in time. Early detection and treatment of glaucoma, the nation's leading cause of blindness, if one of the Society's major prevention targets. NSPB has been alerting the primary at-risk group—those 35 and over—for many years through its public education campaigns and literature, patient education programs, and community vision screening efforts.

"Changing lifestyles and economic worries may make many neglectful of their eye health," notes Dr. John Milam, a Jackson ophthalmologist and chairman of the Medical Advisory Committee of the Society's Mississippi Affiliate.

Today's world is filled with men and women too busy getting ahead to put an eye checkup on their priority list; single parents too pressured with job and home responsibilities to think about the possible build-up of fluid pressure in their eyes; farmers and industrial workers too concerned with economic survival.

In this era of 'wellness' many people think that by looking young, they stay young, and are stopping the biologic time clock from ticking away.

"These have been major factors in the Society's decision to mount a special campaign to reach people who may have a higher than average chance of developing glaucoma," Dr. Milam continued.

Checking off any of the following six high-risk factors for glaucoma should make anyone cancel all excuses and waste no time in getting a professional eye exam:

—A family history of the disease —not just parents but other blood relatives;

—have diabetes —people with diabetes are more likely than others to have or develop glaucoma;

—are Black —glaucoma is more common and more severe in Blacks;

—have had an eye injury or eye surgery;

—are using or have recently used steroid medications such as cortisone: —are age 35 or more and haven't been tested for glaucoma or had an eye exam in more than two years.

"Should the diagnosis be that you have glaucoma, there is a bright side to the bad news," Dr. Milam said. "Take heart from the fact that you are living in a time of some of the greatest advances in the eye care field. In recent years, new drugs, both eye drops and oral medications, have become available to keep glaucoma under control. New surgical procedures including laser treatment for the most common form of the disease, chronic glaucoma, and the iridectomy for the second most common type, acute glaucoma, are being carefully evaluated."

NSPB makes available a free pamphlet for those people interested in learning more about glaucoma which describes signs and symptoms and how the disease destroys sight. For a copy, send a stamped, self-addressed, business-sized envelope to National Society to Prevent Blindness —Mississippi Affiliate, 115 Broadmoor Dr., Jackson, Ms.

### From The Governor's Office

Gov. Bill Allain

In the next few months, you will probably see a lot of information generated from our office opposing the proposals to dump nuclear waste into Mississippi.

The pending decision on what state of the United States will be chosen the nuclear dumping ground for our nation is one of the most critical issues to face our people in the future.

I've had a number of people ask me why I'm so interested in an issue that pertains only to South Mississippi. Let me tell you, this is not just a South Mississippi problem. I'll explain in the next few paragraphs.

First, a few words about South Mississippi.

The proposed dumping site in Richton, in Southeast Mississippi, is not isolated, out in an uninhabited field. Last week we visited the site. I stood in the front yard of a family who have lived in their house for 10 years.

Beneath the ground where I stood—some 2,000 feet below my feet and below the yard where children play—drilling could occur for the storage of nuclear waste. As I drove to this site, I passed houses, farms, and children on bicycles.

I visited downtown Richton, a small town like many others in Mississippi. I saw businesses that would be seriously jeopardized economically if we had a nuclear waste site in the area.

Richton and Perry County aren't the only communities that will be affected by nuclear waste dumping in the area.

Just south of the proposed dumping site is our state's chief tourist attraction—the Mississippi Gulf Coast. Local officials in this area have already taken strong stances against the dumping site in Perry County. Why? If there is a leak in the storage of nuclear waste in the Perry County salt domes, the entire water system of the Gulf Coast could be contaminated. I don't have to tell you what that would do to tourism on the beautiful Coast.

Let me emphasize here that a leak in these salt domes is not unlikely. The federal government and scientists have yet to demonstrate that unstable geological structures like salt domes are safe for storing such a dangerous substance as nuclear waste. In short, they don't know what will happen in the long run if they store nuclear waste in Perry County's salt domes.

As I said, though, the problem ex-

tends even farther than South Mississippi and the Gulf Coast. You know, nuclear waste isn't going to suddenly appear in Perry County.

It will have to be transported across our highways, into our airports, and into our water ports. Just look at a map and see where your city or town is located in relation to any of these transportation routes.

You'll see that this is a Mississippi problem; it's just as important in Desoto County or Hancock County of Lauderdale County as it is in Perry County.

Commissioner of Public Safety Jim Roberts has told me that a nuclear waste spill on our state's roadways would be very dangerous to the people of any area of the state. He and the Highway Patrol have contingency plans for evacuating affected sections of the state, if necessary—and not just in South Mississippi.

The Mississippi Medical Association has published a brochure warning of the dangers from nuclear waste contamination. This is a frightening document; but it's true. The doctors—our state's chief health care experts—concluded that nuclear waste should not be stored or transported within our state. Their prescription was simple—stay away from nuclear waste.

Today the Department of Energy and the President are considering nine dumping sites in six states, including Mississippi. We must speak with one voice in opposition to this danger within our borders.

I have asked President Reagan and Walter Mondale for the same absolute veto against nuclear waste dumping that was given to Louisiana in 1978. President Reagan reaffirmed Louisiana's veto in 1980, stating "the government will not construct any nuclear waste repository in Louisiana if the state objects." President Reagan said this agreement was made in good faith and would be honored.

Mississippi does not have a similar veto. The state can say it does not want nuclear waste. But the Congress can override our veto. It cannot override Louisiana's veto. That's what we want.

It's a simple matter of protecting the health and safety of the people of Mississippi. And that's what public officials are hired to do.

## LETTERS TO THE EDITOR

If it concerns you, it concerns us

### Condo development next to OLG would damage city as well as parish, church member feels

Aug. 24, 1984  
The Sea Coast Echo  
Bay St. Louis

Gentlemen:

I trust you will receive this letter in the same spirit as it was written. It is not a letter of criticism, only a request for serious and extended consideration of the subject at hand.

We are proud of many recent improvements in our little city. It is a pleasure for me to ride to my office daily on a new black top street. Main Street is beautiful, the gas system has been rebuilt, and that is great.

Now, you face the most serious decision to be made by any Bay city government in the past, or perhaps the future. I refer to the request made by Jay Lacoste to change the variance from 35 feet to 200 feet on the old St. Joseph property located on the beach next to OLG Church.

As I complete four generations of my life as a native of Hancock County, it saddens me to look back a few years, then up to date. I admit as a member of the 'OLG Church' we have been poor keepers of the Lord's vineyard.

We have not preserved the land set aside for our care to be used by future generations. We failed to oppose the change in 'the property from single family to multi-family, probably 15 to 20 years ago. We failed to buy the property from the Sisters of St. Joseph. As a member of the church I accept my share of this responsibility.

Now, we have a huge commercial venture facing a very small area located between the railroad and the church, with limited access to front street and a small waterfront to be utilized in the project.

I understand 165 units could be built on the seven acres of land without the variance. This should accommodate 800 people and should you increase it four times you would have a grand total of 3,000 people.

Gentlemen, I submit we do not have the land or the water to accommodate this undertaking. I ask could the city sewer system handle this load? Could the city water system furnish the water? Could the city fire department meet the requirements? Could the small waterfront accommodate the yachts and other water related facilities required by this venture?

Think of the impact and damage to the entire City of Bay St. Louis, not to mention the OLG Church and school, in addition to St. Stanislaus.

The impact on this small area could be reduced by denial of any application under consideration.

Thanking you for your patience and may God Bless You. I am,

Sincerely,  
NORTON HAAS

#### LETTERS POLICY

The Sea Coast Echo welcomes comments from its readers on subjects of general interest. Letters must be signed and include address or phone number so that the sender can be contacted by the newspaper if necessary. Letters should be brief, preferably typewritten and double spaced, and conform to standards of good taste. Letters of thanks and expressions of appreciation are considered inappropriate for the Letters To The Editor columns.

## State leads nation in gasoline prices

Motorists purchasing gasoline in Mississippi over the Labor Day weekend can expect to pay the highest prices in the nation, according to the American Automobile Association Mississippi Fuel Gauge report released recently.

The AAA survey of 44 Mississippi gasoline retailers showed an average gasoline price of \$1.286 per gallon. While this price reflects an 8/10th of a cent drop from the motor club's Fourth of July survey, it is more than \$.06 higher than the nation's average price

of \$1.225 cents per gallon.

The highest average price of gasoline in Mississippi was reported in the Jackson area where full-service unleaded regular is selling for \$1.493. The lowest average was in the Columbus/Kosciusko/Louisville areas, where full service unleaded regular was selling for \$1.317.

The AAA Mississippi Fuel Gauge survey indicates gasoline supplies to be plentiful, with 66 percent of the state's retailers remaining open over the long weekend.

## American flag prizes offered in Constitution Week contest

Nine American flag kits have been donated as prizes in special contests planned to mark Constitution Week, according to Joe Pilet of the Friendship Oak Chapter, National Society, Daughters of American Revolution.

Pilet said prizes are to be awarded in four categories: 1. The best decorated window of any commercial establishment; 2. The best poster with wording "Constitution Week Sept. 17-23"; 3. The best spot announcements to be used on radio station WXGR, and 4. The best paragraphs written on any phase of the Constitution or its Amendments.

The winning paragraphs will be published in The Sea Coast Echo. All entries should be received by Sept. 16. "I hope every person living in Hancock County will get involved," Pilet said. "Citizens are urged to fly their flags; to meditate on the freedoms and blessings guaranteed in the Constitution and reflect on our responsibilities to our government."

In discussing the beginnings of Constitution Week, Pilet said that during 1956 the Congress of the United States wrote into Public Law 915 the national

celebration of Sept. 17-23 as Constitution Week.

The law guarantees that a proclamation will be issued by the President of the United States, the governors of the several states and local public officials.

For the convenience of contestants, Pilet said, entries may be placed at the Bay St. Louis and Waveland City Halls, Bay and Waveland libraries, Coast Electric office or at the Chamber of Commerce.

Entries also maybe mailed to Constitution Week Contests, 520 Highland Drive, Bay St. Louis, Ms.

Prize donors include Pearl River Marina in Pearlinton, The Hancock Bank, The Merchants Bank, The Gulf National Bank, The Sea Coast Echo, Coast Electric, Security Savings and Loan, People Federal Savings and Loan, and Post No. 77 of the American Legion in Waveland.

The flag kits are of good quality and include hardware brackets, aluminum poles and 3 by 5 foot American Flags, Pilet noted.

...With Handyline, You've Got The Bank In Your Pocket

HandyLine is a new, personal line of credit for you from Hancock Bank. You only need to apply once, then HandyLine is yours to use from then on, for any purpose.

HandyLine is available as an unsecured line of credit up to \$5,000. Secured lines of credit are available up to \$25,000. Secured lines can be secured by equity in your personal residence or some other limited types of collateral.

**Write Yourself A Loan**  
 You may activate your credit line in several ways. You may simply write a check for more

than your checking account balance; we will automatically transfer funds from your HandyLine account in increments of \$100.00 to cover the amount of your check. Or you may use the HandyLine activator to transfer funds from HandyLine to your checking account. And you can use HandyBank for access to your HandyLine account 24 hours a day, 7 days a week.

**Easy Payback Terms**  
 Payback for unsecured lines of credit is based on 1/20th (5%) of the balance owed. For secured lines, payback is 1/50 (2%) of the balance. Interest

rates are flexible, and may vary monthly. To obtain the current interest rate, contact your Hancock Bank personal banker.

**Apply Now**  
 Contact any office of Hancock Bank for a HandyLine application. We want you to have the bank in your pocket for major purchases or unexpected expenses.

# Highway Patrol decries Labor Day traffic record

More motorists died in Mississippi traffic accidents during the 1983 Labor Day holiday than during any other holiday period that year, the Mississippi Highway Patrol reported recently.

"We will do all we can to make sure the upcoming 78-hour Labor Day observance is not a repeat of last year when 14 people were killed in 12 accidents," Col George Saxon, chief of patrol, said.

There were 371 traffic accidents in which 179 people were injured during the three-day holiday last year.

"Most of the accidents that took place on roads and highways were the result of drivers failing to yield the right of way to oncoming motorists," Saxon said.

"There are many factors that contribute to the large number of traffic deaths during Labor Day periods."

"Labor Day is the last major holiday of summer, when many young people travel to colleges and universities."

"Our troopers have been instructed to concentrate their efforts on high-risk areas during the peak times for accidents," Saxon explained.

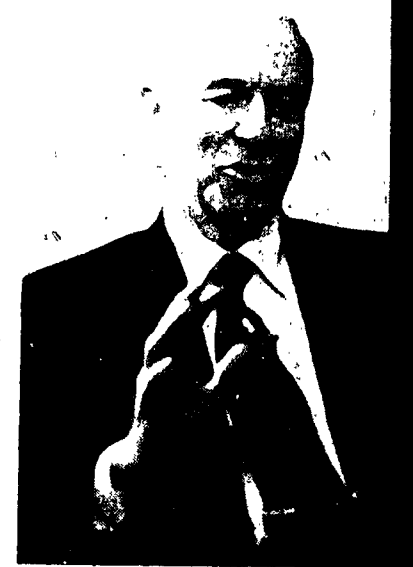

"The peak hours for accidents last year were from 1 to 4 p.m.," Saxon said.

The 78-hour observance begins Friday, Aug. 31 at 6 p.m. and ends Monday, Sept. 3 at midnight.

In addition to Labor Day being noted for producing a large number of automobile accidents Saxon said the state is being 'besieged' with motorcycle crashes.

"Thus far 38 motorcycle operators and riders have died in accidents this year. There were three motorcyclists killed in accidents in this state during a single week earlier this month."

"We're concerned about an increase in this category compared to last year when 46 motorcyclists died," the chief said.

**AT&T CHAIRMAN** of the Board Charles L. Brown speaks frankly about the break-up of the world's largest corporation in an exclusive interview with Michael Aron in the documentary *Breaking Up Is Hard To Do* to be aired at 9 p.m., Thursday, August 30, on **METV**.

## Sick Pay..... CONTINUED FROM PAGE 1A

ment sessions for the 1984-85 school year.

On Sept. 12 all faculty and staff from the district will attend a meeting in the Hancock North Central cafeteria where Dr. Olen Ray, Biloxi Superintendent of Schools, will discuss how the Education Reform Act will affect district employees.

On Sept. 26 and Oct. 10 and 14 staff development meetings will concentrate on the AIM (Accountability Instruction Management) program.

On Nov. 7 and 21 and Dec. 5 and 19 district staff will discuss an assertive discipline program.

Assistant Superintendent James Pair said the discipline program is similar to one which Biloxi schools have been using for two years and which is being introduced this year in the Pass Christian Middle School and High School.

Pair said the program has reportedly cut discipline problems in the Biloxi schools by 50 percent.

Also Monday, the trustees agreed to wait until next Tuesday's meeting to discuss eliminating eighth grade graduation ceremonies from the school calendar.

Noting that almost no school districts currently conduct graduation exercises for eighth graders, Randolph said it would be extremely difficult to continue the practice with new accreditation standards mandating the amount of instructional time for students.

"There's no question there would have to be days added to the school year to handle it," Gulfview Elementary School Principal William H. Haddock said.

"Normally, eighth graders are released nearly two weeks before school is out to get ready—averaging grades, selecting a valedictorian, practicing for graduation, etc."

C. B. Murphy Elementary School Principal Philip Terrell said eighth grade graduation ceremonies put a burden on parents and students as well

as teachers.

"I believe we could extend the recognition paid to students on Awards Day to compensate somewhat," he said.

In other business the trustees:

—Established as policy a requirement that all personnel involved in instruction, including substitute teachers, teacher aides, teacher assistants and monitors, must have a high school diploma or an equivalency certificate before being employed by the school district.

—Approved a pay schedule for substitute teachers including \$35 per day for substitute teachers who are certified, \$30 for those holding bachelor's degrees, \$25 for those holding associate of arts degrees (from junior colleges) and \$20 for high school graduates.

—Approved a sick leave policy for certified personnel to provide seven days of sick leave and two days of personal leave for nine-month employees, eight days of sick leave and two days of personal leave for 10-month employees, nine days of sick leave and two days of personal leave for 11-month employees and 10 days of sick leave and two days of personal leave for 12-month employees.

—Authorized substitute school bus drivers to be paid at the same rate as regular drivers.

—Accepted the resignation of Yvonne Ladner as a bus driver.

—Approved a request for an emergency special education certificate for Linnea Robinson, who has a certificate in elementary education and 21 hours toward a special education certificate.

—Approved a 25-year Section 16 lease to Dennis Hart and Patricia Cameron for \$270 per year.

—Approved the employment of Ann Franzen, Charlotte Banks and Gloria Landrum as bus drivers for Hancock North Central for the 1984-85 school year.

—Approved a request to advertise for bids for a copying machine for Charles B. Murphy Elementary School, with half of the cost to be paid from the school's student activity fund.

—Approved attendance by Randolph and Pair at a Sept. 19 Section 16 regional workshop in Hattiesburg.

## Lott..... CONTINUED FROM PAGE 1A

"You need to establish a good relationship."

"Believe me, it helps," Lott stated.

"Look at how Gulfport, Long Beach and Pass Christian work with the Seabees base. The Seabees feel they are a part of those communities," Lott continued.

When Lott asked Longo about the Waveland Wastewater Treatment's progress with EPA the mayor said, "I have only three words—we love you."

"Our Congressional delegation did a fantastic job in pushing Hancock County's requests through, and we have the 75 per cent funding from EPA," Longo stated.

"A lot of work was done locally," Lott emphasized.

At the Rotary meeting, when asked about the Mississippi Army Ammunition Plant's archery deer hunting season, the congressman said, "I would prefer for Congress not to get involved in the matter, but I have received information from both sides in the conflict and will take a stand when I have evaluated all the information."

"I plan to meet with others today on this subject."

Lott did say he feels the Army should concentrate on manufacturing artillery shells instead of deer hunting.

## Telethon..... CONTINUED FROM PAGE 1A

467-4134 or 467-9248, Lagasse said.

According to Lagasse, some 200 television stations nationwide will participate in the 19th annual telethon.

"The battle against muscular dystrophy is a most important one," he said, "and we consider no pledge too

small."

"We hope people will help keep our volunteer operators busy."

The work of the association is carried out locally at a Muscular Dystrophy Association Clinic at Coast Community Hospital in Biloxi, Lagasse said.

## Live eagle displayed at Fair

The Mississippi Pavilion at the World's Fair in New Orleans plans a continuing program of lectures next month by nationally renowned wild animal expert Andrew Simmons, one of the few people in the U.S. licensed to own animals on the Endangered Species List.

Among the wild animals to be presented on stage at the pavilion will be a U.S. bald eagle. This is the same eagle shown on the Good Morning American show on July 4.

In announcing the program for the August and September schedule of the Mississippi Pavilion, Tish Haas, director of the pavilion operations said, "We are pleased that several of Mississippi's major petroleum companies are providing funds for this extremely important program at the World's Fair."

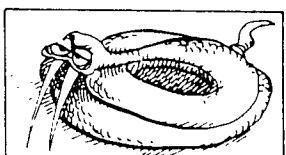

Mr. Simmons' lectures on the bald eagle are an opportunity for the public to learn more about the national bird by viewing the creature at close range. Other wild animals, including a golden eagle, will also be used in the lectures.

Ms. Haas said, "The Andrew Simmons Wildlife Lecture Series is co-sponsored by Exxon Company USA, Shell Western, E&P Inc., and Chevron USA Inc., who recently made contributions to the Mississippi World's Fair Council Inc., to defray expenses of the program for the month of August and September."

A spokesman for the petroleum companies making the contributions said the Mississippi Pavilion program is an

important educational opportunity for fair visitors of all ages on the needs and activities of the nation's official bird.

He noted that several companies have actively supported U.S. bald eagle projects including the Bald Eagle Nesting Survey in Florida, a major habitat for the bald eagle.

The Gaboon viper has the longest fangs of any snake.

## Candidates qualify for local elections

By NAN PATTON EHRBRIGHT

So far, five candidates have qualified for the Nov. 6 election of Hancock County Election Commissioners and one for the District 5 post on the Hancock County School District Board of Trustees.

The deadline for candidates to qualify is 5 p.m. on Sept. 7.

The following persons have qualified for the election commission:

—Jacob V. Ladner of Lakeshore, Democrat, incumbent from District 1;

—Betsy Marie Nolan of Diamondhead, Independent, seeking the District 3 post;

—Eugene Dillman and Sidnev San-

doz, both of Bay St. Louis and both Democrats, seeking the District 4 post; and

—PCharles F. Gottschalk of Bay St. Louis, Democrat, incumbent from District 5.

For the school board post, incumbent Johnny Banks is seeking his third six-year term.

Deadline for voters to register for the November elections is Saturday, Oct. 6. The circuit clerk's office will be open until 5 p.m. that day.

Absentee ballots may be cast on Oct. 27 and Nov. 3 between 8 a.m. and noon.

## Teenaged male sought in Waveland robbery

Waveland police officials are still seeking leads in an armed robbery of the Junior Food Store on Hwy. 90 near Nicholson Avenue.

Waveland Police Chief Donald Dorn said a masked robber, believed to be a teenaged male, held up the store early Monday.

After pointing a small handgun at clerk Barbara Sonnier and ordering her to open the safe, the robber instructed Sonnier to remain in a back room, then left with about \$1,500 in cash and 24

money orders, serial numbers 1163067695 through 1163067719, Dorn said.

According to Dorn, the robber is about five feet seven inches to five feet nine inches tall and was wearing a white hood with eye holes, light blue jeans, a long-sleeved pullover, dirty white tennis shoes and white gloves with black stripes at the wrist.

Sonnier told police officials the robber's voice sounded like that of a male teenager.

## USM prepares for volleyball

Southern Mississippi Volleyball coach Helen Grant, getting set for her fifth season, returns six letter winners from last year's team that posted a 2-29 record. Grant is confident her team will be much improved this fall with the addition of three newcomers, a two-year letter winner who sat out last season and another '83 red-shirt.

The returning players will be led by 5' 11" junior setter Laura Bjorklar, who ranked second on the team in attacking percentage in '83 with 17.4. Bjorklar, a two-year letter winner from Mobile, Ala., recorded 263 kills out of 831 attempts, to lead the squad in both categories.

Other returning letter winners include 5' 7" sophomore defensive specialist Marda Bendel, 5' 6" sophomore hitter Jackie Champion, 5' 4" sophomore defensive specialist Toni Ann Coumanis, 5' 6" sophomore setter Lori Salmon and 5' 9" senior hitter Maureen Sullivan. Bendel, Champion, Coumanis and Sullivan are all from Mobile, while Salmon is from Biloxi.

Five foot-8 inch junior hitter Sheila Sims returns to the squad this season after sitting out the 1983 campaign. The two-time letter winner from Biloxi led the team in attacking percentage during the '82 season with 33.0. The other red-shirt is 5' 8" senior hitter Amy Musson of Huntington Beach, Calif., who earned a letter last season as a pitcher on the USM's women's softball team.

Two junior college players who will join the Lady Eagles this fall are 5' 6" junior defensive specialist Cynthia Holcomb and 5' 7" junior hitter Geraldine Jackson, who both played at Bishop State Junior College in Mobile. The lone freshman on this year's team will be 5' 5" defensive specialist Traci Van Winkle, who joins the Lady Eagles after a successful career at Long Beach High School.

USM opens the 1984 season on the road against the Ole Miss Lady Rebels on Sept. 11 and will close the regular season at home against Southwestern Louisiana on Nov. 8.

The Lady Eagles will compete in two tournaments this season—the Mississippi University for Women (MUW) Invitational Sept. 21-22 in Columbus and the metro Conference Championships, Nov. 15-18 in Columbia, SC.

## Wildcats prepare for 75th season

Pearl River College's Wildcats have wound up their grueling two-a-day workouts and are now mixing football with being PRC students.

Registration was held Monday, orientation Tuesday and classes began Friday. The 75th school year and football season at Pearl River College is in session.

The annual "Meet the Wildcats Night" was Thursday in Dobie Holden Stadium. The Wildcats and coaches were introduced and a full-scale scrimmage under the lights followed.

"We have a lot of polishing left to do," said J.C. Arban, the Wildcats head coach. "We still need to learn our assignments better and get our timing down, but, overall I'm pleased with the hustle and attitudes of the players."

Arban will field one of his youngest teams ever at PRC. Of the 78 players who reported to camp, 66 remain, and 49 of them are freshmen. "We've about got them where we want them to play," Arban said, "now they will have to do a lot of learning."

With a little more than a week remaining before the Wildcats' first game of the season against Holmes here Sept. 1, Arban took it upon himself to rate his players.

"The defensive secondary could be stout. The tailback position is the bright spot. A lot of improvement is

needed at wide receiving and in the kicking game. Offensive line has a lot of potential. The defensive bunch will hit and hit hard," he said.

A closer look at the tailback slot shows speed and quickness. Returning is Bassfield's Ricky Myers, the man who electrified the crowd last year with a 90-yard punt return against Jones and many long breaks from scrimmage.

Teaming up with Myers are two swift freshmen. Marvin Houston of Poplarville and Lorenzo Rayford of Varnado, La., have a real battle going on. They are both fast and quick, the coach said. Houston is 178 pounds and Rayford is 190.

Anchoring the offensive line is

sophomore guard Tommy Lindsay, 6', 235. Lindsay is the only offensive starter returning.

The rest of the offensive line is green, but talented, said Arban. West Crayton, 6'2, 210, of Decatur, Ala., is at center with Randy Byrd, 5'11, 220, of Petal at the right guard slot.

At right offensive tackle will be Jim Roseberry, 6'3, 242, of Hattiesburg and on the other side will be Petal's Anthony Nobles. Ole Miss transfer Earl Penton of Picayune will see action at center and tackle.

Columbia sophomore Chip Lofton is handling the quarterback chores, but the backup spot is a three-way freshman race.

## New classifications give high school teams better chance at titles

Although there are now five classifications for football teams in the state, most Hancock County residents will want to pay close attention to two.

The two classes are the 4-A class, which includes Hancock North Central and St. Stanislaus, and the 3-A class, which includes Bay St. Louis and Pass Christian.

The 4-A class was created from the smaller schools that were once part of the old AA class, which has now been split into the 5-A class for schools with more than 701 students and the 4-A class for schools with 451 to 700 students.

The 3-A class replaced the old A class and is made up of schools with 251 to 450 students.

The BB and B classes for smaller schools were replaced by the 2-A class, for schools with 151-250 students and the 1-A class for schools with less than 150 students.

All of the area teams are in District VIII, but the 3-A and 3-A schools are grouped into two subdistricts for each

class. The District VIII title for these classes will be determined when the subdistrict champions meet for the district title game.

The District VIII title holders for the other classes will be determined by round-robin competition.

The 4-A schools in the Coast district would ordinarily include four schools, but St. Stanislaus is playing as an independent school this year and will not take part in state play-offs.

The remaining schools competing in the 4-A class are Hancock North Central, D'Iberville and St. Martin.

In the 3-A class, the Hancock County area schools are in the south subdistrict. They include Bay St. Louis and Pass Christian as well as Bay High's first opponent, Stone County. Also included are Vancleave, Pearl River Central and East Central.

In the play-offs, the winner of the south subdistrict will face the north subdistrict winner, which could be Poplarville, Oak Grove, Forrest County AHS or Purvis.

BECAUSE THE PEOPLE MUST KNOW

## INTENTION TO ISSUE

**LIMITED 1400.000  
TAX NOTES FOR  
ARCHITECTS**

The Board of Supervisors of Hancock County, Mississippi, took up for consideration the matter of issuing limited tax notes of said County. After a discussion of the subject, Supervisor Travis offered and moved the adoption of the following resolution:

**RESOLUTION DECLARING THE INTENTION OF THE BOARD OF SUPERVISORS OF HANCOCK COUNTY, MISSISSIPPI, TO ISSUE LIMITED TAX NOTES OF THE COUNTY IN THE MAXIMUM PRINCIPAL AMOUNT OF FOUR HUNDRED THOUSAND DOLLARS (\$400,000) TO PROVIDE FUNDS TO PAY ARCHITECTURAL AND ENGINEERING FEES AND EXPENSES IN CONNECTION WITH THE CONSTRUCTION OF ADDITIONS AND IMPROVEMENTS TO HANCOCK GENERAL HOSPITAL, AND DIRECTING PUBLICATION OF NOTICE OF SUCH INTENTION.**

WHEREAS, the Board of Supervisors of Hancock County, Mississippi (the "Board"), acting for and on behalf of Hancock County, Mississippi (the "County"), hereby finds, determines, and declares as follows:

1. It is necessary and in the public interest to issue limited tax notes of the County in the maximum principal amount of Four Hundred Thousand Dollars (\$400,000) to provide funds to pay architectural and engineering fees and expenses in connection with the construction of additions and improvements to Hancock General Hospital.

2. The assessed value of all taxable property within the County, according to the last completed assessment for taxation, is Seventy-five Million Eight Hundred Sixty-eight Thousand Nine Hundred Sixty-nine Dollars (\$75,868,969); the County has outstanding bonded indebtedness subject to the ten percent (10%) debt limit prescribed by Section 190, Mississippi Code of 1972, in the amount of Two Million Nine Hundred Seventy-four Thousand Dollars (\$2,974,000); and outstanding bonded and floating indebtedness subject to the ten percent (10%) debt limit prescribed by Section 190-55, Mississippi Code of 1972, which includes the sum set forth above subject to the 10% debt limit, in the amount of Two Million Nine Hundred Seventy-four Thousand Dollars (\$2,974,000); the issuance of the notes hereinafter proposed to be issued, when added to the outstanding bonded indebtedness of the County, will not result in bonded indebtedness, exclusive of indebtedness not subject to the foregoing ten percent (10%) debt limit, of more than ten percent (10%) of the assessed value of taxable property within the County, and will not result in indebtedness, both bonded and floating, exclusive of indebtedness not subject to the foregoing ten percent (10%) debt limit, in excess of fifteen percent (15%) of the assessed value of taxable property within the County, and will not exceed any constitutional or statutory limitation upon indebtedness which may be incurred by the County.

3. The County is authorized by House Bill No. 1223, Local and Private Laws of Mississippi, Regular Legislative Session 1984, to issue the notes hereinafter proposed to be issued for the purpose hereinafter set forth, for which purpose there are no other available funds on hand.

**NOW, THEREFORE, BE IT RESOLVED BY THE BOARD AS FOLLOWS:**

**SECTION 1:** The Board hereby declares its intention to issue limited tax notes of the County in the maximum principal amount of Four Hundred Thousand Dollars (\$400,000) to provide funds to pay architectural and engineering fees and expenses in connection with the construction of additions and improvements to Hancock General Hospital. The Notes shall be limited tax obligations of the County, shall mature not more than three (3) years from the date of issuance and shall be payable as to principal and interest out of and secured by a pledge of the assets of a special tax to be levied annually upon all the taxable property within the geographical limits of the County, which tax shall be sufficient to provide for the payment of the principal of and the interest on the Notes according to the terms thereof; provided, however, that such annual tax levy shall not exceed three and one-half (3 1/2) mills on the dollar; and provided further that the millage levied for the payment of principal and interest on the Notes and the levy made pursuant to Section 41-12-25, Mississippi Code of 1972, shall not exceed five (5) mills in the aggregate.

**SECTION 2:** The Board proposes to direct the issuance of the Notes in the amount, for the purpose and secured as aforesaid at a meeting of the Board to be held at its regular meeting place in the County Court House, Bay St. Louis, Mississippi, at 10:00 o'clock A.M. on September 13, 1984, or at some meeting held subsequent thereto. If twenty percent (20%), or two thousand (2,000), whichever is less, of the qualified electors of the County shall file a written protest with the Clerk of the Board on or before the issuance of the Notes or on the date of the meeting of the Board, then the Notes shall not be issued unless authorized at an election on the question of the issuance of the Notes to be called and held as provided by law.

**SECTION 3:** This resolution shall be published once a week for at least three (3) consecutive weeks in The Sea Coast Echo, a newspaper published in and having a general circulation in the County and qualified under the provisions of section 13-3-31, Mississippi Code of 1972. The first publication of this resolution shall be made not less than twenty-one (21) days prior to the date fixed herein for the issuance of the Bonds, and the last publication shall be made not more than seven (7) days prior to such date.

**SECTION 4:** The Clerk of the Board shall be and is hereby directed to prepare and to have the customary proof of the publication of this resolution and have the same before the Board on the date and hour specified in Section 2 hereof.

Supervisor Laddner seconded the motion to adopt the foregoing resolution, at the question being put to a roll call vote, the result was as follows:

Supervisor Courtevois: Yes.  
Supervisor Laddner: Yes.  
Supervisor Penicaria: Yes.  
Supervisor Travis: Yes.

The motion having received the affirmative vote of a majority of the members present, the President of the Board declared the motion carried and the resolution adopted, on this 15th day of August, 1984.

**NOTICE OF**

**TRUSTEE'S SALE**

WHEREAS, default having been made in the payment of the indebtedness secured by a Deed of Trust from Ronald B. Roland and wife, M. Anne Roland to Southern Federal Savings and Loan Association, Bay St. Louis, Mississippi, dated May 19, 1983, recorded in Book 263 at Pages 590-595, in the Records of Hancock County, Mississippi, subsequently being assigned to Mississippi Housing Finance Corporation dated June 20, 1983, recorded in Book 268 at Page 602, in the Records of Hancock County, Mississippi, and

WHEREAS, Deposit Guaranty National Bank as Trustee under the Single Family Mortgage Purchase Revenue Bond Resolution, adopted August 20, 1982, the holder and owner of the Deed of Trust and note securing the same has requested the undersigned Substitute Trustee to foreclose said Deed of Trust as provided therein, in the event of default.

NOW, THEREFORE, I, Gail A. Crowell, Substitute Trustee, under the provisions of and by virtue of the authority conferred upon me in the same Deed of Trust will on the 21st day of September, 1984, within the legal hours being between 11:00 a.m. and 4:00 p.m. at the east front door of the County Courthouse of Hancock County, Mississippi, in the City of Bay St. Louis, Hancock County, Mississippi, offer for sale and sale property for cash to the highest and best bidder, the following described property lying and being situated in the County of Hancock, State of Mississippi, to-wit:

A parcel of land situated in the Fourth Ward of Waveland, Hancock County, Mississippi, more particularly described as follows to-wit:

Point of beginning being an iron on the southeasterly right of way of Jeff Davis Street, South 32° West, 38.1 feet from the SW corner of intersection of Jeff Davis Street and Lizana Street, Waveland, Mississippi, and run South 44 degrees - 00' East for 277.0 feet to an iron, thence South 45 degrees - 00' West for 288.5 feet to the southerly margin of Jeff Davis Street, thence along said margin South 58 degrees - 32' East for 94.8 feet to the point of beginning. Said land being part of Lot No. 14, Fourth Ward, Waveland, Mississippi.

The undersigned Substitute Trustee will convey only such title as is vested in her by virtue of the above-described Deed of Trust and Appointment of Substitute Trustee.

WITNESS MY SIGNATURE, this 22nd day of August, 1984.

## Youth Section

**YOUTH MISSION**—A group of young people who recently returned from a summer mission to Saltillo, Mexico, included: front row, left to right, Evelyn Smith, Eileen Shiyon, Jolene Ladner, Sharon Malley, Dianette Ladner, Evelina Alcala, Leslie Gleber, Shannon Malley; second row, Janice Ladner, Louise Gibbons, M.J. Gleber, Kay Gleber, Ken France, Lori Bultman, Julie Guindard, Jeff Bultman, Cindy France, Kathy Chapman; third row, Father Tony Arguelles, Theresa Ladner,

Janice Pucheu, Karen Ladner, Douglas Gleber, Zareka Blackmon, Cheryl Travis, Pricella Necaise, Tony Spears, Zanett Jones, Father Patrick Quinn; fourth row, Ladonna Shiyon, Charolette Blackmon, Billy Ray Dedeaux, Dr. Guy Odom, Carl Smith, Vincent Schott, Tiffany Brackvitch, Wanda Madison, Father Tom Weise, Donna Williams, and Curtis Gasper.

## Youth group returns from Mexican Mission

Youth groups from Hancock and Pearl River counties and Mobile, Ala., recently returned from Saltillo, Mexico, where they participated in the Summer Mission Youth Program during Hancock County Week.

The group, which included seven Hancock countians, assisted with the distribution of 22 tons of beans to about 6,000 needy Saltillo residents. The bean distribution, paid for through donations, is a monthly part of the mission program.

Medical care was provided to the villagers by a doctor who accompanied the group and worked with the assistance of a Spanish interpreter.

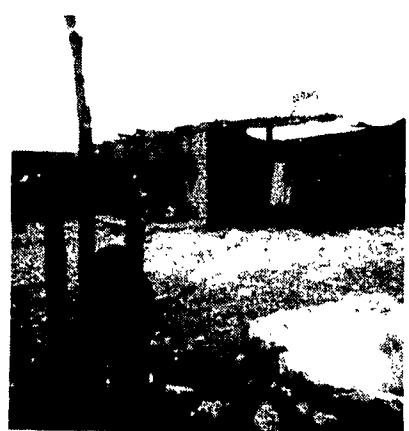

The completion of the mission trip was celebrated with a fiesta attended

by approximately 90 families and youth group members.

In addition to participating in the mission trip, the group had also raised about \$4,000 for the mission by holding dances and other activities.

**FOOD DISTRIBUTION**—Kay and Douglas Gleber assist with the distribution of beans to the poor during a recent mission trip to Saltillo, Mexico.

**ADOBE HUT**—This adobe hut is typical of many of the homes in small Mexican villages a group of Mississippi and Alabama young people recently visited during a mission trip to Saltillo, Mexico. The mission group included seven Hancock Countians.

The mission participants also visited remote villages called ranchos, many of which consisted mostly of thatched-roof adobe huts without water or electricity.

At one of the villages, the young people attended a mass celebrated by Fr. Patrick Quinn, the mission priest, and afterward assisted with the distribution of clothing, food, sewing kits, candy and gifts provided through donations to hometown parishes.

## Ole Miss professor discusses biological rhythms theories

It takes a substantial change to upset our biological rhythms—something like flying through several time zones, or eating lots of fatty acids.

Actually, the effect of fatty acids on biological rhythms is still a theory.

Fatty acids are found in products like butter, shortening and soap. They are also a major component of organic cell membranes.

Dr. Daniell Mattern, assistant professor of chemistry at The University of Mississippi, believes fatty acids might perform an important function in regulating the biological rhythms that keep organisms synchronized within their environments.

Biological rhythms is a scientific term for the observable, periodic behavior organisms exhibit in many ways. Flowers open and close at regular times of the day which coincide with the active periods of honey bees. Animals have regular sleep/wake cycles corresponding to the earth's rotation on its axis. The internal clocks of bears tell them when it is time to prepare for winter hibernation.

All of these behaviors are examples of biological rhythms.

They are not "biorhythms."

"Biorhythms," a word now much in use, describes cycles which supposedly control our physical, mental and emotional states.

According to the biorhythm hypothesis, all three cycles start at birth and follow an exact, wavelike pattern until death. Physical strength and well-being follow a 23-day cycle. Emotional states are on a 28-day schedule and intellectual ability fluctuates over a 33-day span.

Each cycle is characterized by high points and low points. When two cycles are at low points the same day, the risk of accidents, sickness and error is supposedly much increased. If plotting biorhythms reveals all three cycles will be critical at one time, believers are convinced of imminent peril.

"Basically," Mattern said, "biorhythms are bunk."

"Most living things have cycles or rhythms, but they adjust to environmental cues all the time."

Humans have daily rhythms that span about 25 hours. They are called circadian rhythms from the Latin words "circa," meaning approximately, and "dias," meaning day.

"Almost all of our physiological functions follow circadian rhythms," Mattern said, "including body temperature, sleeping, excretion volumes and hormone output. We want to find out how the organisms generates its rhythms."

There are important reasons for understanding what activates our timing apparatus. In chemotherapy, for example, cancer cells are more susceptible to chemical treatment at certain times in their circadian rhythms. "Perhaps because at certain times the body is producing more steroids, which increase its resistance to shock," Mattern said.

For two years Mattern has been studying a fungus called *Neurospora crassa* to learn more about circadian rhythms. *Neurospora crassa* is a mold that grows on bread and rotting stumps and in the laboratory produces spores every 20 to 22 hours.

By feeding the mold fatty acids Mattern has altered the circadian rhythm controlling spore production, extending it to 30-40 hours.

Exactly how the fatty acid supplements affect the mold's growth rate isn't known.

Mattern thinks they may cause changes in the cell membranes where protein molecules pump ions from one side of the cell to the other. These pumps are only activated at some ion concentrations. After the pump has changed the concentration by pumping ions across the cell, it disintegrates into subunits.

The subunits then move around at random within the membrane, reforming when they happen to meet. As the proteins reform more ions will be pumped, completing the cycle.

"If the protein subunits meet quickly," Mattern explained, "more ions are pumped and the cycle runs faster."

Does that mean fatty acid levels might be responsible for biological functions? "Maybe," Mattern said, "it's a theory, but it sounds more probable than unchanging cycles which control a person's life from birth."

## Prospective MSU students invited to introductory program, football game

Prospective Mississippi State University students will have a chance to take a first-hand look at the campus and visit with instructors and administrators at "Discovery: MSU/A Mississippi State of Mind" Sept. 8.

These students and their parents are invited to the event, held in conjunction with the MSU-Colorado State football game, which will feature displays, exhibits and demonstrations, entertainment, and refreshments. In addition, visiting students will have the opportunity to purchase special \$3 tickets to the football game which starts at 1:30 p.m.

Activities will begin at 9 a.m. on the Drill Field and conclude at 11:30 a.m. in time for the football game.

For additional information about "Discovery: MSU/A Mississippi State of Mind," contact the Office of College and School Relations, Box NN, Mississippi State, Ms 39762, or telephone 325-3076. Mississippians may call toll free, 1-800-222-1810, extension 3076.

"I believe in the discipline of silence and could talk for hours about it."

George Bernard Shaw

## Piccola dancers perform at fair

Students of Piccola's School of Dance presented three separate performances at the Mississippi Pavilion during Hancock County Day at the World's Fair. Included in the first half-hour performance were a jazz routine to music from "Staying Alive" and a tap routine to "Carnival Time." The group's next

routine was a combination of popular dances from the 50's and early 60's.

In addition, a jazz routine to "All that Jazz" was performed by Mrs. Piccola Dietrich, the school's instructor.

Between dance numbers two comic skits were performed by Mrs. Margo

Frommeyer.

To conclude the performance, the group presented a chorus line routine to "One."

"I have never been so tired, but I also have never been so proud of my girls," said Mrs. Dietrich after the performance.

**WORLD'S FAIR PERFORMERS**—Students of Piccola's School of Dance who performed at the World's Fair on Hancock County Day include Margo Frommeyer, Mona Parker, Chiara Ishere, Amy Welch, Jan Frommeyer, Angelina Bell, Niccola Dietrich, Piccola Dietrich, Lynn Coover, Jackson Dietrich, and Instructor Piccola Dietrich.

## DRUG QUIZ

by Curt Scarborough, Ph.D.  
Used by permission; all rights reserved by DATE, St. Louis, Mo.

**QUESTION** - Which of the following is not a common possible symptom of narcotics use?

- a) Drowsiness
- b) Loss of motor coordination
- c) Constipation
- d) Pinpoint pupils

**ANSWER** - The use of narcotics may result in a short-lived state of euphoria. They also tend to induce drowsiness, apathy, lethargy, constipation, pinpoint pupils, and reduced vision. Except in cases of acute toxication, however, there is no loss

of motor coordination or slurred speech as in the case of depressants.

Correct answer - b.

**QUESTION** - Dangers from regular and heavy use of marijuana have now been pinpointed by researchers, according to U.S. News & World Report. Which of these dangers were listed?

- a) Impaired brain function and physical performance
- b) Impairment of the ability to reason and learn
- c) Lung damage similar to that received from excessive smoking of tobacco
- d) All of the above

**ANSWER** - Parents should be especially concerned by these latest findings listed above because the studies also found that marijuana smoking among teenagers has jumped more than 25% since 1976.

Other dangers included in the report include: Skin tests showing pot is a cancer producing agent; even low doses of marijuana may seriously disturb menstrual cycles and cause ovulation failures; marijuana may prevent natural sexual development of girls 9-13. Findings also indicate that children and adolescents are more physiologically and psychologically

vulnerable to the disruptive effects of marijuana use than adults.

Correct answer - d.

## Brief

### POISON TOOTH

Snails may look quiet and peaceful, but some, like the cone snail, are among the deadliest animals on earth, says "Ranger Rick" magazine. Though they normally attack worms, cone snails can kill fish and humans with a poisonous, arrowlike tooth.

## USM to sponsor conference for parents of gifted, talented

A Sept. 29 conference at the University of Southern Mississippi on Parenting Gifted Children will provide parents of gifted and talented children an opportunity to learn from experts and to share experiences with other parents.

The conference, offered by USM's Center for Gifted Studies, is designed to assist parents and other concerned adults in better understanding the intellectual, academic, social/emotional and physical needs of gifted and talented children.

Keynote speaker for the conference will be Dr. Felice Kaufmann from the University of New Orleans, who has directed gifted programs for public schools and a demonstration program at the University of Georgia where she received her Ph.D.

Kaufmann, whose experience includes an internship with the U.S. Office of Education, is the author of

"Your Gifted Child and You." She will present relevant advice from the parents of Presidential Scholars.

Dr. Kaufmann's contributions to gifted education are in the field of creativity, problem solving, local programming and parent education. She has presented workshops in these areas at state, local and national conferences.

Topics to be discussed at the USM conference include social emotional development of the gifted, advocacy for the gifted, advanced placement programs, physical fitness, identifying gifted and talented, parenting, computers and the gifted and problem-solving skills.

Parents and grandparents as well as teachers, administrators and counselors can benefit from this conference designed specifically for adults, according to Dr. Frances Karnes, CGS director.

Karnes is the author of more than 50 articles and three books on gifted education as well as founder and first president of the Mississippi Association for the Gifted and Talented.

Registration begins at 8 a.m. in Stout Hall. Conference sessions will run from 9 a.m. to 3:45 p.m.

A picnic lunch at the Union and a reception in the home of the USM President Dr. Aubrey Lucas following the closing session will provide participants a time for conversation.

Pre-registration is required. Interested parents should contact Caroline Barnes, Southern Station Box 5066, Hattiesburg 39401 by Sept. 15.

KAYE-OTIC COMEDY—Danny Kaye enjoys the hand course, while Elsa Lancaster tries to enjoy the fish course of this high-jinxed dinner party in "The Inspector General," to be presented on "Sprockets" at 9 p.m., Saturday, Sept. 1, on Mississippi ETV.

## Moran attends USM workshop

Cleopatra Moran of Kiln recently attended a workshop entitled Recreation Education for Teachers at the University of Southern Mississippi.

The Recreation Education workshop was designed for practical experience in the application of recreation and leisure programs with an educational emphasis.

### Youth Brief

#### HONOR STUDENT

John C. Tate of Pass Christian has been named to the University of Mississippi Dean's Honor Roll for the summer semester.

A grade point average from 3.5 through 3.74 is required of full-time students carrying at least 12 semester hours for listing on the Dean's Honor Roll.

### Hancock school head takes USM course

Hancock County School District Superintendent Terrell Randolph recently attended an instructional management course held at the University of Southern Mississippi's Gulf Park campus.

The course is designed to help school districts develop an effective accountability and instructional management system.

Emphasis was placed on needs assessment, prioritizing educational goals and the components of concise instructional objectives.

Dr. Arthur Southerland of USM, workshop director, is an associate professor of educational leadership and research.

### Youth Brief

#### STUDENT COUNCIL

The South Mississippi Student Council Workshop will be held Wednesday, Oct. 17 at the Reed Green Coliseum at the University of Southern Mississippi.

This leadership training workshop allows for the exchange of ideas among councils and enables participants to increase the effectiveness of their student councils.

For more information and registration, contact the Division of Continuing Education, Southern Station, Box 5136, Hattiesburg 39406.

#### 8% ENDANGERED

Experts estimate that eight percent of all U.S. ferns, conifers and flowering plants are presently endangered, says the National Wildlife Federation.

#### MILDRED PEARSON HACKETT GUERIN, PETITIONER

##### HEIRS AT LAW OF JOSEPH C. PEARSON, SR., DECEASED; CHARLOTTE PEARSON GUERIN, JOSEPH C. PEARSON, JR., DAVID C. PEARSON, AND PATRICIA PEARSON MCCRARY, DEFENDANTS

##### SUMMONS

TO: HEIRS AT LAW OF JOSEPH C. PEARSON, SR., DECEASED; CHARLOTTE PEARSON GUERIN, 2700 Athena Parkway, Metairie, LA 70002

PATRICIA ANN PEARSON MCCRARY, 233 Bayshore Place, Kenner, LA 70022

DAVID C. PEARSON, JR., 1 Box 862-69, Callahan, Florida 32011

You have been made Defendant in the lawsuit filed in this Court by Plaintiff, Mildred Pearson Hackett Guerin, Petitioner, whose address is Rt. 1, 47 Carolyn Drive, Destrade, LA 70047.

The Plaintiff filed against you an initiated a civil action alleging that Joseph C. Pearson, Jr., David C. Pearson, Charlotte Pearson Guerin are sole heirs at law of Joseph C. Pearson, Sr., deceased, and seeking legal adjudication of the heirs of Joseph C. Pearson, Sr., deceased.

You are required to mail or hand deliver a copy of a written Answer either admitting or denying each allegation in the petition to JOHN L. GENIN, Petitioner's Attorney, whose address is P.O. Drawer 71, Bay St. Louis, Miss. 39520.

YOUR ANSWER MUST BE MAILED OR DELIVERED NOT LATER THAN THIRTY DAYS AFTER THE 13TH DAY OF SEPTEMBER, 1984, WHICH IS THE DATE OF THE LAST PUBLICATION OF THIS SUMMONS. IF YOUR ANSWER IS NOT SO MAILED OR DELIVERED, A JUDGEMENT BY DEFAULT MAY BE ENTERED AGAINST YOU FOR THE RELIEF DEMANDED IN THE PETITION.

The hearing is set for 2:00 P.M. on the 18th day of October, 1984, at the Court House in Gulfport, Harrison County, Mississippi.

You must also file the original of your Answer with the Clerk of this Court prior to the hearing.

WITNESS my signature and official seal this 21st day of August, 1984.

E. MICHAEL NECAISE  
Clerk of Court  
Hancock County, Mississippi

# Ole Miss reports plans for fall activities

Fall semester at Ole Miss always means the return of traditional pastimes—football games, top-name concerts, festivals, symposiums, plays and movies in the Grove.

Here are some things you might want to watch for when making plans to visit the Ole Miss campus.

The university plans to hail the return of the Rebels by hosting a "Welcome Back Rebels" party on the downtown square in Oxford Sept. 6. A campus-wide pep rally featuring the Ole Miss "Pride of the South" Marching Band, the Ole Miss cheerleaders and Head Coach Billy Brewer will highlight the night's festivities.

The first kick-off for the Ole Miss football season will be Sept. 8 when the Rebels clash with the Memphis State Tigers in Oxford.

For those who enjoy the stage, the University Theatre has planned four outstanding productions, including "Kiss Me, Kate," Sept. 27-29; the mystery-comedy "Deathtrap" Oct. 18-20 and 23-27; "Terra Nova," adapted from the true story of explorer Robert Scott's race to the South Pole, Nov. 15-17; and the musical "Vanities" Nov. 26-Dec. 1. "Kiss Me, Kate" will be presented as part of the Sept. 29 Homecoming festivities on campus.

The 1984 Artist Series will open this year's fall season with Kevin McCarthy's performance in "Give 'Em Hell Harry!" on Sept. 11. The Suzuki Talent Education Tour will follow on Oct. 24, and the Boston Camerata will perform "Medieval Christmas" on Nov. 28.

An interesting feature this fall for history buffs will be the 10th annual history symposium, renamed last year "The Porter L. Fortune Chancellor's Symposium on Southern History" in honor of retiring Chancellor Fortune. The Oct. 3-5 symposium will bring in scholars from around the nation to discuss this year's topic, "Religion in the South."

Four-star movies will be shown to students throughout the semester, thanks to the Student Programming Board. Director Stuart Kruger says several big-name films have already been selected. The movies will be shown outside at night in the Grove.

Also on the agenda for the fall semester is the Oxford Folklife Festival, scheduled for Oct. 13 on the Oxford Square. Sponsored by the campus' Center for the Study of Southern Culture, the festival will feature old-fashioned square dancing, clogging, folk music and Southern food. Observers also watch and learn from area craftsmen as they work at their trades.

## DELINQUENT REALTY TAX SALE CITY OF BAY ST. LOUIS

## DELINQUENT REALTY TAX SALE STATE OF MISSISSIPPI COUNTY OF HANCOCK

Notice is hereby given that I, Edward D. Murtagh, Jr., Assessor-Tax Collector, Hancock County, will on Monday, 17th September 1984, A.D., offer for sale, in the Hancock County Court Room, Hancock County, Miss., in the City of Bay St. Louis, in accordance with Section 27-41-55, Mississippi Code of 1972 as amended, within legal hours, at public outcry to the highest bidder, for cash, the following lands, delinquent for the State, all General County Funds, All Road and Bridge Fund Taxes. Together with all fees, penalties and damages as provided by law. All due thereon for the year 1983 or so much thereof as may be necessary to settle said taxes and costs, to-wit:

EDWARD D. MURTAGH, JR.

## Phone directory delivery scheduled for September

The new South Central Bell telephone directory will be delivered in early September to all Gulf Coast subscribers.

Delivery should be completed by mid-September, according to Don Roberts, district manager.

"Persons who have not received a new directory by then should call their business office," he said.

"The customer guide section was designed with customers in mind, to tell them everything they need or want to know about establishing and maintaining basic phone service and how to use the phone more efficiently."

The customer guide section includes a section called "Doing Business With Us," which lists important South Central Bell phone numbers and other information.

The front inside cover contains emergency numbers which should be reviewed by all subscribers and household members to ensure quick action in the event of an emergency. The directory's cover features the state capitol building in Jackson.

According to Roberts the delivery of about 162,000 directories begins Aug. 30. The new directory will again contain

several pages of money-saving coupons. A convenient coupon index is also included.

"Those customers wanting more than

one book can request an additional copy from delivery personnel or can call the South Central Bell business office," Roberts said.

THE SEA COAST ECHO—THURSDAY, AUGUST 30, 1984-1E

FORMING A VICTORIOUS PYRAMID in readiness for the upcoming high school football season are Hancock North Central Cheerleaders. Seated is Captain Melissa Aime. Kneeling from left are Lynn Cuevas, Janice Pucheu and Trudy Ladner. Leaning on Julie Bourgeois, standing, are, from left, Wendy Carver and Vanessa Ahlers, with Co-Captain Annette Brignac completing the formation. (Staff photo by Nan Patton Ehrbright)

## PRC involved in reforms

Pearl River College is involved in the educational reform movement that is sweeping Mississippi and the South.

After this week PRC faculty members and incoming freshmen and transfer students will have a real feeling for the "new movement here on campus."

President Marvin R. White said in his opening address to 125 faculty and administrators from all four Pearl River campuses here Monday, "that improving schools and colleges is a political and educational marathon."

"We have made some progress, but we intend on making great strides. This is the year Pearl River College will not only celebrate its 75th year as the pioneer junior college in Mississippi, but also the beginning of educational improvements which will reflect our determination to provide even better educational opportunities."

White made mention of the Educational Reform Act of 1982 for public schools and the up-grading of standards by the Board of Institutions of Higher Learning.

"We at Pearl River are involved in this state's educational reform movement," he said.

White told his faculty that for the first time in history all academic and technical students must have an American College Test (ACT) score on file before registering. The faculty will then use these test results in scheduling classes for the fall semester.

Students who score 11 or below in the English section of the ACT will be scheduled basic English; those who score 7, 8 or 9 on the math section will be scheduled in pre-algebra and those who score below 7 will be scheduled in basic math; and those who score below 10 on the social studies section will be scheduled in basic reading. PRC will provide 18 sections of basic studies courses this fall.

White told the faculty that the State Vocational Board has adopted a policy that the student must have a composite score of 12 and a score of 12 on the math section of the ACT for admission to the data processing program this fall.

"We have implemented tougher academic suspension and probation policies," Dr. White said. "In fact, 90 students received notice this summer that they are not eligible for any federal financial aid because of failure to make satisfactory progress."

Changes are taking place at PRC with the up-grading of academic standards of admission and standards of satisfactory progress. "We will continue to strive for educational excellence and at the same time provide opportunities for those who do not have the background, knowledge and skills to succeed in college," White said.

Pearl River College is providing alternate programs and courses for those who are deficient in English, math and reading.

"All of this has many implications for you as a faculty member," White said, "especially during time of registration. With the new requirements of Pearl River College and senior colleges, registering students correctly is more important than ever."

White said the PRC faculty will also encounter more students with more knowledge and skills in their area of teaching than ever before. "The general level of academic achievement of our incoming students is on the incline," White said. "This means you as an instructor must be better prepared than ever."

White said the teacher's job has become more demanding as the result of all the changes. Methods of faculty accountability will be established as education reform will mean the use of high technology in the classroom.

"I hope the day has passed when a college instructor can stand before a group of students and spend 50 minutes a day, three days a week, transferring the written words from his or her notes to the students' notes to study for tests," White said.

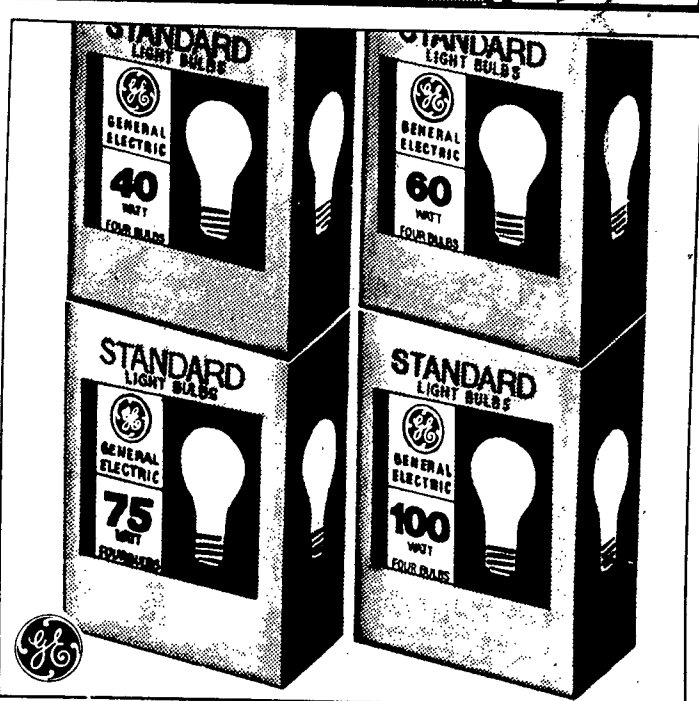

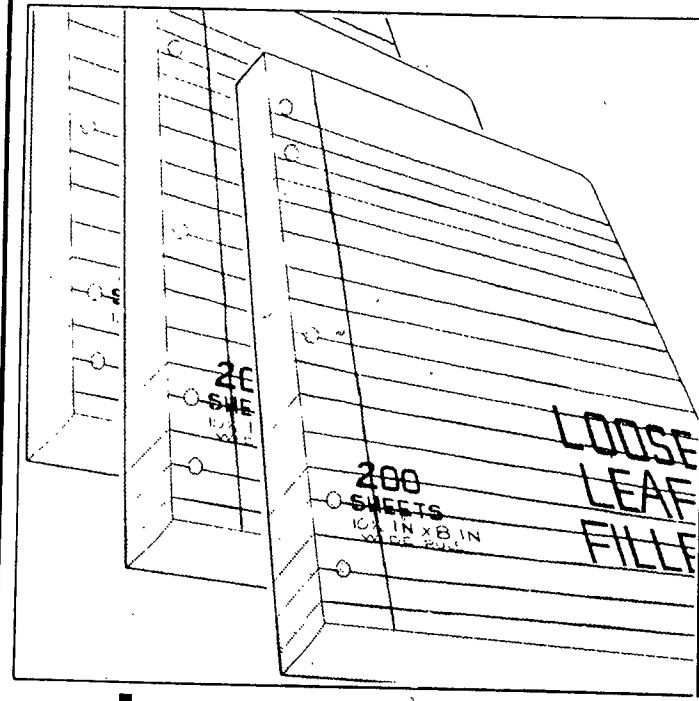

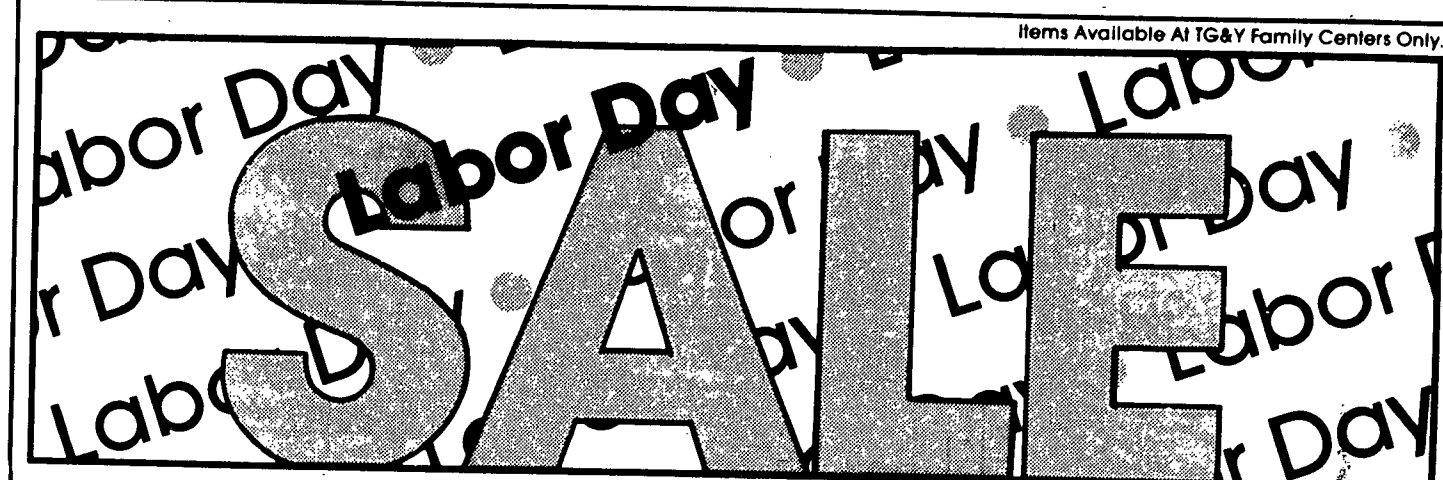

"Your job is to take the students where they are and motivate them to reach the standard of achievement we have pre-determined as the minimum goal for satisfactory progress."

## Dolls help explain relationships

Have you ever noticed how puzzled young children can be when it comes to family relationships?

They hear Dad referred to as John, father, brother, uncle, son, husband.

A preschool boy was asked about other children in the family named "Sally," "Betty" and "Marla." "They're sisters," he explained. The teacher asked, "If they're sisters, what are you?" After a minute he replied, "I'm a boy sister."

How can parents straighten things out? According to Growing Child, a monthly child development newsletter, a family of dolls (even paper dolls) with grandmother, grandfather, father, mother, big brother, big sister, an infant, or however many children there happen to be in your household, may be used as concrete ways to help a child sort out the relations of one family member to another.

It will take quite some time to grasp the idea but once children understand the family relationship they can extend it to other family groups such as those of the teacher or other children in their class.

Children are fascinated with

the notion that each child has a family group. The idea that a teacher is also a member of a family is difficult for children to understand,

however.

For more information on the physical and social development of children up to the age of six, write Growing Child,

PO Box 620N, Lafayette, IN 47902. When writing, include child's birthdate. A year's subscription to the Growing Child newsletter is \$11.95.

## Competition announced for Coast Guard

The United States Coast Guard Academy is now accepting and processing applications for appointment as Cadet, U.S. Coast Guard, Class of 1989.

Applications are being accepted for both men and women.

Appointments as Coast Guard Cadets are tendered solely on the basis of an annual nationwide competition with no congressional appointments or geographical quotas.

Applications for appointment must be submitted to the Director of Admissions, U.S. Coast Guard Academy, prior to Dec. 15, 1984.

Candidates must arrange to participate in either the College Board Scholastic Aptitude Test (SAT) or American College Testing Assessment (ACT) prior to or including the Dec. 8 administration for the ACT and the Dec. 1 administration for the SAT.

The competition for appointment as cadet is based on the candidate's high school rank, performance on either the SAT or ACT and leadership potential as demonstrated by participation in high school extracurricular activities, community affairs or part-time employment. Most successful candidates rank in the top quarter of their high school class and demonstrate proficiency in both the mathematical and applied science fields.

To qualify for the competition, an applicant must be unmarried at the time of appointment, have no legal obligations resulting from a prior marriage, and must have reached the age of 17 but not 22 by July 1, 1985.

All applicants must be assured of high school graduation by June 30, 1985. Regulations stipulate that all applicants must have completed three

units in English, and three in mathematics to include algebra and plane or coordinate geometry or their equivalents, and must fulfill basic physical requirements.

Coast Guard cadets obtain an excellent undergraduate education at no personal expense. In addition, they receive pay and allowances fully adequate to fulfill their ordinary living expenses.

The constantly updated academy curriculum leads to a bachelor of science degree with a strong academic emphasis on engineering and science. The selected major studies, when combined with varied elective courses, establish a solid foundation for a challenging career.

Graduates of the academy are awarded a bachelor of science degree and are commissioned as Ensigns in the United States Coast Guard.

Selected officers may pursue further postgraduate education and specialized training at many leading civilian and military graduate or professional schools, in such fields as aviation, business administration, electronics, engineering, law and oceanography.

The young academy graduate can look forward to a varied, exciting, and demanding career as a regular Coast Guard officer. The Coast Guard performs essential humanitarian missions vital to the safety and saving of lives at sea.

Under the Department of Transportation, the Coast Guard establishes and coordinates search and rescue operations by ship and plane, maintains advanced electronic and other aids to navigation scattered around the globe, operates the icebreakers which clear

the way for all polar expeditions, and enforces marine law and all aspects of merchant marine safety. In addition, the Coast Guard has responsibility for boating safety and marine environmental protection.

For further information contact: Director of Admissions, U.S. Coast Guard Academy, New London, CT 06320.

## Eye exam should be included in school preparation plans

A spokesman for the Mississippi Optometric Association has urged parents to make certain their children's eyes are examined before they enter school this fall.

"Mississippi has no law requiring eye examinations," said Dr. Jeff Minor, a Jackson optometrist, in a statement released through the MOA.

"Some school systems use a familiar eye chart for testing but many do not," he said.

"We believe most parents erroneously assume their children's eyes are examined."

"Use of an eye chart alone does not allow for the discovery of astigmatism, farsightedness, glaucoma and other eye diseases found only in a professional eye examination," Minor noted.

According to statistics compiled through thousands of free eye screenings sponsored by MOA members, approximately 18 percent of all Mississippi children suffer from some form of eye ailment.

Most of these problems, Minor said are easily spotted and corrected.

"We're concerned that many

children will make poor grades or avoid sports when the problem might be a simple need for vision correction."

Minor also said that any parents' group or school desiring to establish an MOA-sponsored free eye screening or have its existing eye testing program evaluated should call Helen St. Clair, MOA executive director of the MOA of Jackson, telephone 956-7412.

## NASSP director says school improvement expected in 1984-85

"The thunderbolt of national reports on education has now passed overhead, leaving behind a steady downpour of reforms for local schools to achieve," says Scott Thomson, executive director, National Association of Secondary School Principals, as he looks at the coming school year.

There will be heavy pressure on schools to improve learning; microcomputers will see a new emphasis as learning tools; and effective teachers will become more important in their communities during the coming school year, according to Thomson.

"While most of the rhetoric may have passed beyond the horizon, the public will be looking for concrete results this year," he said. "The nation is convinced of the importance of quality schools and is fascinated with the possibility of improving student achievement. Last year was for talk; 1984 is for action." The focus on improvements in learning will draw attention to five factors directly affecting student achievement: computer-assisted instruction, learning style, homework, the amount of time students actually spend on learning, and effective teaching, Thomson believes.

"Microcomputers will definitely become more important in schools this year; in fact, the number of micros used for instruction will double between July 1984 and July 1985," said Thomson. "As business sees that education is an investment in America's future, it will contribute more microcomputers to schools."

Educators will be called upon to determine the style in which all students learn most effectively and develop activities in each of those ap-

propriate styles.

"Some students learn best when they hear instructions; others when they read them; and still others have to experience a concept before they really understand it," said the NASSP chief executive. "If we expect all students to learn, we must present material to them in the style which will be most helpful."

While much national attention has been focused on increasing the amount of time in the school day, Thomson believes schools must first assure that students are making the best use of time currently available.

"There should be fewer interruptions to instruction time," he cautioned. "any worthwhile learning activity—whether it's a math class or leadership development program—should be able to be held without interruptions over the public address system or other ways."

"Homework that is not busy-work but serves a real purpose also can be effective use of time. We must assure that students have the best possible opportunities to learn." Several characteristics of effective teaching will be emphasized this year in schools across the nation as greater student achievement is sought. Among other factors, teachers will be called upon to exhibit high expectations for student achievement, identify how each student learns best, keep students on academic tasks and promote extensive content coverage, provide a role model through a businesslike approach to teaching, create a supportive learning atmosphere by showing concern and respect for each student, and monitor student performance and recognize accomplishment.

## Graduate ed programs accredited by NCATE

Alcorn State University was recently granted accreditation to all its teacher education programs submitted for review to the National Council for Accreditation of Teacher Education (NCATE).

Dr. Walter Washington, president of Alcorn State University, said accreditation was granted for programs in elementary teaching, secondary teaching and K-12 teaching—all master's degree level programs.

The stamp of approval by NCATE means the teacher education programs have met all the required standards for a quality program.

Accreditation for all of the undergraduate education programs at the University was granted by NCATE in 1979.

Dr. Rudolph Waters, Alcorn's vice president, cited two major advantages of accreditation.

"Externally it gives the teacher education programs credibility. Internally the programs will be strengthened as a result of evaluation by NCATE standards," he said.

"Accreditation for graduate level courses in education by NCATE is in line with Alcorn's overall thrust for excellence," Washington said.

Of the academic programs that can be professionally accredited, the University has achieved professional accreditation from the National League of Nursing (associate and baccalaureate degree programs), National Association of Schools of Music (music education programs), American Dietetics Association (food and nutrition and institutional management programs) and the National Council for the Accreditation of Teacher Education

(undergraduate and graduate level teacher education programs).

In addition to accreditation by the Southern Association of Colleges and Schools, which was reaffirmed in December 1981, Alcorn State University is in the process of seeking professional accreditation with professional accrediting agencies for all its programs.

## Winter cited by Headstart directors

Democratic senatorial candidate William Winter was honored as a "trusted statesman" by the Mississippi Headstart Directors Association during awards ceremonies in Jackson recently.

The statewide association said the honor was presented to Winter in appreciation for his "outstanding leadership toward the betterment of our state and nation."

Mrs. Ellise Winter, wife of the former Mississippi governor, accepted the award for her husband who was campaigning in North Mississippi.

Mrs. Winter noted that her husband had always been a friend of education and she praised the educational advantages which the Headstart program has given young Mississippians during its 20 years in the state.

Mrs. Ellie Steward, as Ashland Headstart director, was in charge of the awards presentation ceremony.

# OOPS!

### MANUFACTURER GOOFS

Due to slight enamel blemishes Necchi Sewing Machine Company has just released for sale to the public a limited number of new special 1984 HEAVY DUTY Zig Zag sewing machines that are made of METAL and sew on all fabrics; Levi's, canvas, upholstery, nylon, stretch, vinyl, silk, EVEN SEWS ON LEATHER! No attachments needed for buttonholes (any size), monograms, hems, sews on buttons, satin stitches, overcasts, darts, appliques and more.

Just set dials and see magic happen without old fashioned cams or programmers. These machines are suitable for home, professional or school room sewing. 25-year warranty. Your price with ad \$188, without this ad \$429. Your checks are welcome, Visa, MasterCard, Layaway & Credit plan.

## COMING EVENTS

### HANDCRAFTERS

Clermont Handcrafters Club will meet at 1 p.m. on Thursday, Sept. 6, at the home of Mrs. Robert Taconi. Bring needed material for workshop following the business meeting.

### BENEFIT EVENT

Benefit dinner, shooting match and games are scheduled for Sunday, Sept. 9 beginning at 11 a.m. at Fenton Community Center, Kiln-Delisle Road with proceeds to assist in payment of medical expenses of Steve Malley.

### ADULT EDUCATION

Hancock County Adult Education registration begins Sept. 10, 6 p.m. at Gulfview Elementary School, Lakeshore, and City-County Library, Bay St. Louis. Registration for Charles B. Murphy Elementary, Pearlman, and Hancock North Central, Kiln, will be held Sept. 11 at 6 p.m. Classes are designed to prepare adults for the GED Exam and to provide adult basic education. Anyone interested can contact Philip Terrell, adult education supervisors at 533-7872, 533-7303 or register at one of the above locations.

### HAWAIIAN LUAU

Bon Noir Amis Club is sponsoring a Hawaiian Luau, 525 Old Spanish Trail (White's Pavilion) Bay St. Louis, on Saturday, Sept. 22 at 7 p.m., featuring a fashion show, music and great food at \$5 per person.

### St. Ann's Catholic Church Clermont Harbor

A thought for meditation from our pastor, Father Lambert Stack, ST—

He is a Christian indeed who is neither ashamed of the gospel, nor a shame to the gospel.

—Anonymous  
Don't forget! St. Ann-St. John parishes annual Italian meatball and spaghetti dinner will be held this Saturday, Sept. 1 in the parish hall, Lower Bay Road, Clermont Harbor from 11:30 a.m. until 8:30 p.m.

This event is one of the most important fund-raising activities of the year. Everyone's help is needed to make this project bigger and better. The ladies promise plenty of good food and an enjoyable afternoon or evening for those attending.

There will be a large selection of desserts and drinks available. Tickets may be purchased in advance or at the door. Donations will be adults, \$3.50; children, \$2. Take out orders will be available.

This Sunday, Sept. 2 is St. Ann-St. John Altar Society Communion Mass at St. Ann's at 9:30 a.m.

Mrs. Michael Schmitt will be responsible for the offertory procession during the 5 p.m. Mass each Saturday in September.

Each Sunday Mrs. A.M. Thomas will be responsible for the offertory procession at the 9:30 a.m. Mass for the month of September.

Next confirmation class for 9th grade students and older preparing to be confirmed is scheduled for Monday, Sept. 10 at 7 p.m. in the parish hall.

### Blues, gospel folk fest slated in Holly Springs

The fifth annual Northeast Mississippi Blues and Gospel Folk Festival will be held on Saturday, Sept. 8 from 3 to 11:30 p.m. on the campus of Rust College, Holly Springs.

This year's festival features a variety of country blues bands, gospel and shapenote quartets and a host of solo artists.

Invited to appear at the festival this year are Hollywood Allstars, Heziah and the House Rockers, Junior Kimbrough and the Soul Blues 30ys, and R.L. Burnside and his Soul Machine.

Opening the festival will be the Mississippi Fife and Drum band who will share the program with other noted local and regional blues personalities that are characteristic

sonalities, including Son Thomas, Mose Vinson, Monroe "Guy" Jackson, Ellen Jeffries, Leeandrew "Cotton" Howell, and Wilbert Lee Reliford.

Special guest will be Ms. Lynn White and her band.

On the gospel side will be the Northeast Mississippi Mass Choir, The Silver Stars, The Loving Five, Lula Collins and the Collins Singers, The Northeast Mississippi Singing Union Shapenote Quartet, and other special guests.

The festival is sponsored by Rust College as a community outreach activity designed to highlight the local and regional folk music traditions. Musicians presented here represent a variety of musical

of blacks in the Northeast Mississippi region.

Further, the festival provides an opportunity for young and old citizens to share in a college-community activity that is becoming one of the region's largest and most diverse cultural activities.

In addition to the festival, there will be a break dance contest along with other exhibits and activities.

A variety of prices and items will be given away by local merchants throughout the day.

The festival is free and open to the entire community.

Funds for the festival are provided by Rust College, The Mississippi Arts Commission, National Endowment for the Arts, and local merchants.

### Pass church offers training for Sunday School

A special training conference for teachers of preschool and early elementary students in Sunday School settings is scheduled for Sept. 7-8 at Gulfshore Baptist Assembly in Pass Christian.

The program, sponsored by the Mississippi Baptist Convention Board's Sunday School Department, will feature Max Price, a clinical psychologist from Oklahoma City and author of "Understanding Today's Children."

Exhibits will include demonstrations of effective teaching through puzzles and books, toys, music, learning stations, memory verses from the Bible and other creative ideas.

To register contact Gulfshore Baptist Assembly, Henderson Point, Pass Christian, 39571. The registration fee, applied to the conference fee, is \$25 per person.

## THE MORMONS

Waveland Branch

Church of Jesus Christ

of Latter Day Saints

Dedicatory services for the Waveland Ward Chapel of The Church of Jesus Christ of Latter-day Saints have been set for Sunday, Sept. 2, 5 p.m. at the chapel on the corner of McLaurin Street and Nicholson Avenue, Waveland.

"John S. Scott, president of the Gulfport Stake of the church, will offer the dedicatory prayer," reports Daniel Sones, Waveland Ward bishop.

Waveland Ward is one of six wards which make up the Gulfport Stake.

"Anyone interested in attending this special meeting is welcome to join the membership of this area for these services," added Sones.

The special dedicatory service will be in addition to regular Sunday services.

Regular Sunday meetings for the Waveland Ward include Sacrament Meeting, 9 a.m.; Primary and Sunday School, 10:15 a.m.; Priesthood, Young Women and Relief Society, 11 a.m.; Fast and Testimony meeting, first Sunday each month, 9 a.m.

### ETV Brief

#### VEAL PRODUCTION

A television report on the profit potential of veal production in Mississippi is one of several "best of Farmweek" stories slated for the Labor Day special at 7:30 p.m. Monday, Sept. 3, on Mississippi ETV.

"Farmweek" reporters found that on one hand, veal production can be very profitable, but on the other, it has not been as successful as predicted in some states.

"Farmweek," an award-winning series for the Mississippi agribusiness community, is co-produced by Mississippi ETV and the Mississippi Cooperative Extension Service.

### OLG Mass

By NAN PATTON EHRE  
Beginning Sept. 4 the round  
between Waveland to New O  
on the Gulf Coast Limited  
from \$21 to \$16.

John LeBourgeois, techni  
to the chairman for the  
Mississippi-Alabama Rapid  
sit Commission, said Friday  
trak officials agreed to the  
tion after monitoring riders  
the period rates were raised.

"It turned out we were ru  
no better than we were at the  
with more riders," he said.

According to LeBourgeois  
which travels between Mobil  
New Orleans, carried a  
passengers in May, 12,000 in  
11,000 in July.

The current contract for  
operation is due to expire Se  
high ridership has resulted in  
passenger revenues to contin  
through Dec. 15 without addi  
ding.

Amtrak officials have agre  
tinue service from Dec. 1  
Sept. 30, 1985, if the three sta  
ed come up with the necessar

Each state, LeBourgeois s  
need to provide \$296,332 to pe  
for operating the train, pl  
each for operating expenses  
state commission.

Mississippi may be reluct  
tinue subsidizing the Gu  
Limited train service betwe  
Ala. and New Orleans, La., M  
Legislative Budget Co  
members indicated Thursday.

But on the same day a prop  
tend the run of the passenger  
approved by Louisiana's  
Emergency Board.

The Board, which takes car  
ding between legislative ses  
proved a request from the  
Department of Transporta  
Development to appropriate  
the tri-state commission to  
train operating.

The request, which will n  
Louisiana legislators in a m  
must be approved by two-thi  
members of each house.

In Mississippi, the request  
ding was made to the L  
Budget Committee by Fred  
Energy and Transportation  
ment spokesman.

Several committee memb  
they doubted they could get a  
appropriation passed by the Sen  
House Appropriations Co  
Chairman Ed Perry asked if
